Thank you. Alex signed off to allow for the interior work. I am waiting for the final plan with the sidewalk, which we will stamp and put in the folder. We will let you know as soon as it arrives.

Hi, in issuing this permit, it looks like the approved plans didn't get stamped and put in the appropriate G drive folder. I have sent the issued permit, but the plans still need to be stamped and sent.

Hi Brian:

Alex has signed off on doing the interior work prior to posting the performance guarantee for the sidewalk work, which is attached. I have signed off in Urban Insight with the condition that 7 sets of the final plans with the revised sidewalk, performance guarantee and inspection fee be submitted prior to any of the site work commencing and that the site work shall be completed prior to the issuance of a certificate of occupancy.

Brad Saucier in Inspections suggested you contact him and he can work with you on the issuance of the building permit.

Thank you.

Barbara

Barbara,

I was looking at the Portland, Maine website and it is saying that our building permit is still pending. Were you able to track down the guy that was suppose to sign off on our permit? Can you call me when you have a minute to update me?

Thanks,

Brian
