TO whom it might concern.

Scope of business for:

Gowen Power systems
41 Evergreen Drive
Portland, ME 04103

Wholesale Sales, Service and consulting of stand by and prime power Generators. Warehousing generators, transfer switches and repair parts for our Road service technicians.

Our prime scope of business is focused on industrial and residential generator sales and service. Sales are based on referrals from builders, electricians and current customers. Our facilities are not designed to accommodate walk in retail customers.

Our service business is focused on generator preventative maintenance of units already installed in the field. We have a fleet of technicians that are dispatched from our office for this and emergency repairs.

Please see line 11 of supplied copy of Lease Agreement.

Please feel free to contact me if any further information is required to gain occupant permits for this address.
