Subject: RE: Napa-220 Riverside Industrial Parkway

Ann,

It's 27 feet from edge of the road and 16 feet back from the road. I feel confident that it will not fall into the road. I'll note your comment below.

Thanks!

Is the 27' from the road or the property line? If there is no chance that it can fall into the right of way then you would not have to include it. Put a note in the application that I told you that you did not have to include it if this is the case.

Ann.

I'm working on the sign permit for the above.

If we wait for corporate in Atlanta, GA to send a cert. of liability this sign won't see Christmas.

Can this be waived.

It's low to the ground, set back 27 feet from the road.

Di
