Hi Steve - Jean asked that I contact you directly regarding the above project. I recognize that the current application (Unit 9) will not trigger a Traffic Movement Permit, but we need to know cumulatively whether the site generated 100 new trips over the last 10 years (inclusive of Bill Bray's Study). Please provide me with that summary.

If you have any questions, please communicate by email. I'm serving Jury Duty today and not reachable by telephone.

Thanks
