BUILDING PERMIT REPORT

DATE: 24 July 98 ADDRESS: 65 Bucca Run (LOT #20) (336-E-070)
REASON FOR PERMIT: To Construct a Single Family Dwelling
BUILDING OWNER: Diversified Properties
CONTRACTOR: Custom Built Homes of Maine.
PERMIT APPLICANT: [Signature]
USE GROUP R-3 BOCA 1996 CONSTRUCTION TYPE 5B

CONDITION(S) OF APPROVAL

This Permit is being issued with the understanding that the following conditions are met:

Approved with the following conditions: 1, 2, 2.5, 6, 8, 9, 10, 12, 16, 24, 25, 26, 27, 28, 29, 30, 31, 32

- 1. This permit does not excuse the applicant from meeting applicable State and Federal rules and laws.
2. Before concrete for foundation is placed, approvals from the Development Review Coordinator and Inspection Services must be obtained.
2.5. Foundation drain shall be placed around the perimeter of a foundation that consists of gravel or crushed stone containing not more than 10 percent material that passes through a No. 4 sieve.
3. Precution must be taken to protect concrete from freezing.
4. It is strongly recommended that a registered land surveyor check all foundation forms before concrete is placed.
5. Private garages located beneath habitable rooms in occupancies in Use Group R-1, R-2, R-3 or I-1 shall be separated from adjacent interior spaces by fire partitions and floor/ceiling assembly which are constructed with not less than 1-hour fire resisting rating.
6. All chimneys and vents shall be installed and maintained as per Chapter 12 of the City's Mechanical Code.
7. Sound transmission control in residential building shall be done in accordance with Chapter 12 section 1214.0 of the city's building code.
8. Guardrails & Handrails: A guardrail system is a system of building components located near the open sides of elevated walking surfaces for the purpose of minimizing the possibility of an accidental fall from the walking surface to the lower level.
9. Headroom in habitable space is a minimum of 7'6".
10. Stair construction in Use Group R-3 & R-4 is a minimum of 10" tread and 7 3/4" maximum rise.
11. The minimum headroom in all parts of a stairway shall not be less than 80 inches.
12. Every sleeping room below the fourth story in buildings of use Groups R and I-1 shall have at least one operable window or exterior door approved for emergency egress or rescue.

shall be 20 inches (508mm), and a minimum net clear opening of 5.7 sq. ft.

- 13. Each apartment shall have access to two (2) separate, remote and approved means of egress. A single exit is acceptable when it exits directly from the apartment to the building exterior with no communications to other apartment units.
- 14. All vertical openings shall be enclosed with construction having a fire rating of at least one (1) hour, including fire doors with self closer's. (Over 3 stories in height requirements for fire rating is two (2) hours.)
- 15. The boiler shall be protected by enclosing with (1) hour fire-rated construction including fire doors and ceiling, or by providing automatic extinguishment.

*16. All single and multiple station smoke detectors shall be of an approved type and shall be installed in accordance with the provisions of the City's Building Code Chapter 9, Section 19, 920.3.2 (BOCA National Building Code/1996), and NFPA 101 Chapter 18 & 19. (Smoke detectors shall be installed and maintained at the following locations):

- In the immediate vicinity of bedrooms
- In all bedrooms
- In each story within a dwelling unit, including basements

In addition to the required AC primary power source, required smoke detectors in occupancies in Use Groups R-2, R-3 and I-1 shall receive power from a battery when the AC primary power source is interrupted. (Interconnection is required)

17. A portable fire extinguisher shall be located as per NFPA #10. They shall bear the label of an approved agency and be of an approved type.

18. The Fire Alarm System shall be maintained to NFPA #72 Standard.

19. The Sprinkler System shall maintained to NFPA #13 Standard.

20. All exit signs, lights, and means of egress lighting shall be done in accordance with Chapter 10 Section & Subsections 1023, & 1024. Of the City's building code. (The BOCA National Building Code/1996)

21. Section 25-135 of the Municipal Code for the City of Portland states, "No person or utility shall be granted a permit to excavate or open any street or sidewalk from the time of November 15 of each year to April 15 of the following year".

22. The builder of a facility to which Section 4594-C of the Maine State Human Rights Act Title 5 MRSA refers, shall obtain a certification from a design professional that the plans commencing construction of the facility, the builder shall submit the certification to the Division of Inspection Services.

23. Ventilation shall meet the requirements of Chapter 12 Sections 1210. Of the City's Building Code. (crawl spaces & attics)

*24. All electrical, plumbing and HVAC permits must be obtained by a Master Licensed holders of their trade.

*25. All requirements must be met before a final Certificate of Occupancy is issued.

*26. All building elements shall meet the fastening schedule as per Table 2305.2 of the City's Building Code. (The BOCA National Building Code/1996).

*27. Ventilation of spaces within a building shall be done in accordance with the City's Mechanical Code (The BOCA National Mechanical Code/1993).

*28. Please read and implement the attached Land Use-Zoning report requirements.

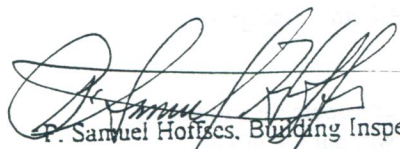

*29. Cutting boring and Notching shall be done in accordance with sections 2305.3
2305.14.4 & 2305.5.1, of the bldg. Code

*30. Glass and Glazing shall be done in accordance with chapter 24
of the Bldg. Code.

*31. Access to attic 1211.2

*32. Bridging as per section 2305.16

Buca Run (Lot #20)

Project Name/Description

65 Buca Run

Address of Proposed Site

336-E-070

Assessor's Reference: Chart-Block-Lot

DRC Conditions of Approval

Approved subject to Site Plan Review (Addendum) Conditions of Approval:

All damage to sidewalk, curb, street, or public utilities shall be repaired to City of Portland standards prior to issuance of a Certificate of Occupancy.

Two (2) City of Portland approved species and size trees must be planted on your street frontage prior to issuance of a Certificate of Occupancy.

Your new street address is now 65 Buca Run

the number must be displayed on the street frontage of your house prior to issuance of a Certificate of Occupancy.

The Development Review Coordinator (874-8300 ext.8722) must be notified five (5) working days

prior to date required for final site inspection. Please make allowances for completion of site plan requirements

determined to be incomplete or defective during the inspection. This is essential as all site plan requirements must

be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of

Occupancy. Please schedule any property closing with these requirements in mind.

Show all utility connections: water, sanitary, sewer, storm drain, electric, telephone, cable.

A sewer permit is required for you project. Please contact Carol Merritt at 874-8300, ext. 8828. The Wastewater

and Drainage section of Public Works must be notified five (5) working days prior to sewer connection to

schedule an inspector for your site.

As-built record information for sewer and stormwater service connections must be submitted to Public Works

Engineering Section (55 Portland Street) and approved prior to issuance of a Certificate of Occupancy.

The building contractor shall check the subdivision recording plat for pre-determined first floor elevation

and establish the first floor elevation (FFE) and sill elevation (SE) to be set above the finish street/curb elevation

to allow for positive drainage away from entire footprint of building.

The site contractor shall establish finish grades at the foundation, bulkhead and basement windows to be in

conformance with the first floor elevation (FFE) and sill elevation (SE) set by the building contractor to provide

for positive drainage away from entire footprint of building.

A drainage plan shall be submitted to and approved by Development Review Coordinator showing first floor

elevation (FFE), sill elevation (SE), finish street/curb elevation, lot grading, existing and proposed contours,

drainage patterns and paths, drainage swales, grades at or near abutting property lines, erosion control devices

and locations and outlets for drainage from the property.

The Development Review Coordinator reserves the right to require additional lot grading or other drainage

Eroded soil shall be contained on-site. A crushed stone construction entrance shall be

installed at the curb cut.

The lowest building opening elevation is 14.3 pursuant to the subdivision plat.

Swales are required on each side of the drive beginning 50' from the road right of way

directing runoff to the drainage course to the back of the lot. The excavator shall coordinate

this work with the DRC prior to performing the work.

Future garage shall require submission of a site plan to the City.

1. There shall be no building outside the prescribed building window without specific written authority from the Planning Division.
2. The minimum sill elevation shall be 74.9' and the lowest bldg opening shall be 73.4'. Any change shall require written authority from the Planning Div.
3. Separate permits shall be required for future decks, sheds, pool and/or garage.

Fire Conditions of Approval

CITY OF PORTLAND, MAINE
PUBLIC NOTICE

To All Building Permit Applicants and/or Contractors:

Effective immediately all temporary erosion control measures as shown on submitted site plans or as made part of a conditional approval of a site plan shall be installed, maintained, and inspected for proper functioning. Erosion control measures include but are not limited to silt fencing hay bales, stone check dams, earthen berms, stone lined swales, riprap embankments, riprap inlet/outlets of any pipe channel or culvert, sodded or grass strips, hay mulch cover on exposed soils, jute matting or erosion control blanket/matting, geotextile grids or webbing, and any provision approved by the City Engineer or Development Review Coordinator to decrease erosion or sedimentation.

All temporary and permanent erosion control measures shall be in conformance with the Maine Erosion and Sediment Control Handbook for construction: Best Management Practices as published by Cumberland County SWCD and the Maine Department of Environmental Protection. Consistent failure to install, maintain, or construct in an acceptable manner will result in a stop work order on the building permit. All erosion control measures shall be established in proposed areas of disturbed soils resulting from construction activities prior to actual construction unless a specific deadline has been made a condition of approval or agreed to by a Public Works Engineer or the Development Review Coordinator.

Effective immediately any request for Certificate of Occupancy will be denied if the above measures have not been addressed or completed. Only under extreme conditions, due to weather, shall the omission of the erosion control standards be included on the conditions for a Certificate of Occupancy, otherwise the request for a Certificate will be refused.

The City of Portland Planning Department and Public Works Department consider Erosion and Sediment Control Planning to be an absolutely necessary initial construction activity that requires as much attention and enforcement as building construction. For the protection of sensitive waterbodies, undisturbed lands, neighboring properties, established vegetated areas, and municipal drainage systems please pay careful attention to erosion and sediment control measures and conform to the notes, details, and conditions of approval as noted on your approved site plan. These controls must be installed and maintained continuously throughout the construction period. The City may inspect the site at any time to ensure compliance, and violations could result in work stoppage orders as indicated above.

We appreciate your prompt compliance with these requirements.

CITY OF PORTLAND
Planning and Urban Development Department

MEMORANDUM

TO: Joseph E. Gray, Jr., Director of Planning and Urban Development
Alexander Jaegerman, Chief Planner

FROM: James Seymour, Acting Development Review Coordinator

DATE: April 5, 1995

SUBJECT: Disclaimer Statement of Existing Poorly Drained Areas

It is the responsibility of the lot owner/homebuilder to assess drainage and provide for appropriate stormwater management design and engineering in an area which has evidence of poor hydrologic soil conditions, and/or a history of poor drainage, ponding, or soils saturation due to topography, fluctuation of seasonal ground water tables creating surface flooding, or as a result from rainfall events or snow/ice melts. The City of Portland is not responsible for resolving the drainage of land areas which could be described in any one of the above conditions.

The City of Portland Development Review Coordinator reviews lot grading for all single family homes to assure that field elevations will conform to the grades which exist at the abutting property line or to the grades which have been previously approved at the abutting property lines. The construction standards require that final foundation elevations be provided on site plans which are a minimum of 2 1/2 feet higher than street grades established at the frontage of the lot and provide positive drainage away from the entire foundation perimeter, including garage, and all basement accesses (ie. bulkheads, doorways and windows). As long as these standards are strictly enforced, most water problems on single family lots will be avoided. However, in locations with clear evidence of hydric soils, the following note shall be placed on all approved site plans:

"The City of Portland Development Review Coordinator has reviewed and approved this plan. The lot is located in an areas that is subject to seasonal conditions of saturation by surface or groundwater. Approval of this plan does not constitute a guarantee that no water problems will be experienced by the homeowners in this vicinity. Homeowners are advised to exercise care and diligence to ensure that their home and yard is adequately constructed and graded for localized drainage conditions."

MEMORANDUM

TO: Code Enforcement

FROM: Jim Wendel, Development Review Coordinator

DATE: November 17, 1998

SUBJECT: Certificate of Occupancy
65 Buca Run (lot 20)

A site visit on 11-17-98 was made to review the completion of the conditions of the site plan approval dated 6-23-98; my comments are:

1. Final grading and landscaping has not been completed. This must be completed by May 30, 1999. The contractor must contact the DRC in advance of the work to allow an evaluation of the winter and spring performance of the current site grading.

It is my opinion that a **temporary Certificate of Occupancy could be issued** assuming Code Enforcement has no outstanding issues.

MEMORANDUM

TO: Code Enforcement
Kandi Talbot, Planner

FROM: Eric Barnes, DeLuca-Hoffman Associates, Inc.
Jim Wendel, PE, Development Review Coordinator

DATE: June 23, 1999

RE: Certificate of Occupancy
65 Buca Run

On June 22, 1999 the site was reviewed for compliance with the conditions of approval dated June 23, 1998. This was a follow up to a November 17, 1998 site visit. My comment is:

1. No Comment. The work outlined in the previous memo from the DRC has been completed.

It is my opinion that a **permanent certificate of occupancy could be issued**, assuming Code Enforcement has no outstanding issues.

Separate permits are required for Internal & External Plumbing, HVAC and Electrical installation.

- All construction must be conducted in compliance with the 1996 B.O.C.A. Building Code as amended by Section 6-Art II.
- All plumbing must be conducted in compliance with the State of Maine Plumbing Code.
- All Electrical Installation must comply with the 1996 National Electrical Code as amended by Section 6-Art III.
- HVAC(Heating, Ventilation and Air Conditioning) installation must comply with the 1993 BOCA Mechanical Code.

You must Include the following with you application:

- 1) A Copy of Your Deed or Purchase and Sale Agreement
- 2) A Copy of your Construction Contract, if available
- 3) A Plot Plan (Sample Attached)

A "minor/minor" site plan review is required prior to permit issuance. The Site plan must be prepared and sealed by a registered land surveyor (2 copies are required). A complete plot plan (Site Plan) includes:

- The shape and dimension of the lot, all existing buildings (if any), the proposed structure and the distance from the actual property lines. Structures include decks porches, a bow windows cantilever sections and roof overhangs, as well as, sheds, pools, garages and any other accessory structures.
- Scale and North arrow; Zoning District & Setbacks
- First Floor sill elevation (based on mean sea level datum);
- Location and dimensions of parking areas and driveways;
- Location and size of both existing utilities in the street and the proposed utilities serving the building;
- Location of areas on the site that will be used to dispose of surface water.
- Existing and proposed grade contours

Handwritten notes:

Home Building Contract

Agreement, by and between **CUSTOM BUILT HOMES OF MAINE, INC.**
(hereinafter referred to as Seller), and

JEFFERY M. & TRACY R. MORRIS

(hereinafter collectively referred to as Purchaser)

1. Seller agrees to sell the lot described in the Customer Preconstruction Worksheet attached hereto and incorporated herein and to construct on said lot a dwelling as described therein and Purchaser agrees to buy and accept same. Seller warrants that it holds good and marketable title to said lot, free and clear of all encumbrances and that said lot is buildable within the framework of State and Federal statutes, State regulations, local ordinances, and good building practices. Seller agrees to furnish all necessary labor, materials, equipment, tools and services necessary to perform and complete in a workmanlike manner all work required for construction of the project in accordance with the basic plans and specifications identified in the Customer Preconstruction Worksheet and any modifications thereto identified in the Customer Preconstruction Worksheet. Seller reserves the right, without notice, to substitute for the materials described in the specifications, materials of equal or better quality. Materials delivered but not incorporated into the dwelling shall remain the property of the Seller and may be removed at any time by Seller.

2. Subject to the adjustments hereinafter described, Purchaser agrees to pay and Seller agrees to accept in full payment for the performance of this contract the amount of **\$ 129,000.00** , payable as follows:

- A. \$500.00, down payment on the signing of this agreement.
(**\$500.00 TO BE CREDITED BACK AT CLOSING**)
- B. **\$ 0.00** , Upon completion of the foundation.
- C. **\$ 0.00** , Upon commencement of the construction of exterior shell of the house.
- D. **\$ 129,000** , When the contract is completed and prior to taking possession.
- E. In addition to the contract sum, Purchaser shall be responsible for any ledge excavation and any fill which must be brought to the site. Purchaser agrees to make any such payment upon completion of the foundation.
- F. If the site is not accessible, Purchaser agrees to bear all costs to bring materials from the nearest accessible point to the site. Purchaser agrees to make any such payment prior to taking possession.
- G. If Purchaser fails to make any payment within 10 days after receiving notice that such payment is due, interest will accrue on said payment at a rate of 1½% per month until such payment is made, said interest to be paid at the time of making said late payment.

TM *qnm*

CUSTOM BUILT HOMES OF MAINE, INC.

3. In the event that Purchaser secures bank financing for all or a portion of the payment it is obligated to make hereunder, payment shall be made in accordance with the payment schedule prescribed by the lending institution, subject to approval of said schedule by the Seller. If Purchaser secures only partial financing, Purchaser shall be obligated to supplement the payments from the lending institution so as to meet the payment schedule set forth in section 2. Purchaser's obligations hereunder are not to be affected or modified by the terms of any bank financing secured by Purchaser unless Seller shall consent in writing.

4. Seller contemplates that construction shall begin within **60 days from the date of this agreement and shall be completed 100 days** after it begins. If for any reason outside of Seller's control, construction does not commence within 45 days from the date of this agreement, Purchaser shall be liable for any increase in materials or labor occasioned by said delay. Seller shall not be liable for failure to perform, or for delay in performing this agreement, for any cause beyond Seller's control including, but not limited to, strikes, lockouts, industrial disturbances, floods, accidents, fire and the elements, war, rebellion, civil strife, transportation, condition of ground, or acts of God.

5. In the event that seasonal weather conditions or other circumstances beyond Seller's control, make performance of certain part or parts of Seller's obligations impractical, Purchaser shall escrow with Norway Savings Bank, Windham, Maine an amount equal to the cost of said uncontrollably delayed work, and all other sums due under this Agreement shall be paid to Seller in accordance with the payment schedule set forth in section 2. The said escrow amount shall be limited to the specific delayed work on terms which Seller and Purchaser shall agree to in writing at the time of said escrow. In the event that Seller fails to in said performance, Norway Savings Bank shall be directed in said escrow agreement to deliver to Purchaser said escrowed amount upon such failure. In all events, Norway Savings Bank shall be released and held harmless with respect to any liability for any acts in good faith pursuant to said escrow agreement.

6. Any alteration or deviation from the plans and specifications identified in the Preconstruction Worksheet that results in a revision of the contract price will be executed only upon the parties entering into a written change order. Buyer shall pay any increases in the contract price as a result of a change order no later than the payment described in section 2 (d) above.

7. The closing shall occur on xxxxxxxx or within 5 days of issuance of an occupancy permit by the appropriate authority, whichever event shall occur later and it is agreed that at such closing Purchaser shall pay all sums due under contract. If the closing does not occur within said time, Purchaser shall pay to seller, in addition to all other sums due hereunder, the sum of One Hundred and Fifty Dollars a day for each day the closing is delayed. At the time of closing, a good and sufficient warranty deed showing marketable title shall be delivered to Purchaser. Said lot shall be conveyed subject to covenants, conditions, easements and restrictions of record, and shall further be subject to all applicable land use laws and regulations. Should title prove to be defective, Seller shall have reasonable time after due notice of such defect or defects to remedy the title and hereby agrees to use diligent efforts to

TM 9/11/11

CUSTOM BUILT HOMES OF MAINE, INC.

cure any such defects. At the closing real estate taxes shall be prorated. Both parties shall pay their respective transfer taxes as required by the laws of the State of Maine.

8. Seller warrants that the work will be free from faulty materials; constructed according to the standards of the building code applicable for this location; constructed in a skillful manner and fit for habitation. The warranty rights and remedies set forth in the Maine Uniform Commercial Code apply to this contract. Seller shall not be liable for consequential or special damages and the liability of Seller on any claim arising in connection with this contract shall not exceed the price of that part of the contract involved in the claim, and the foregoing shall be the sole remedy of the Purchaser. EXCEPT AS SPECIFICALLY STATED HEREIN SELLER MAKES NO WARRANTIES OF ANY NATURE, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

9. Purchaser acknowledges that the presence of radon gas in a home, whether from the ground, from the private water supply or from any other source, may pose certain health risks. Seller makes absolutely no warranty, and undertakes no liability with respect to the same, or with respect to any other aspect of the domestic water supply and agree to have all wells meet State of Maine well drilling standards.

A. Seller makes no warranty and undertakes no liability with respect to the domestic water supply, City water pressure and quality of water in drilled wells. Water quality is the sole responsibility of the Purchaser.

10. Maine law (10 M.R.S.A 1411 § et seq.) establishes minimum energy efficient standards for new residential buildings and additions to existing buildings. The work which Seller will perform will (circle one) meet/exceed those standards.

11. Seller may suspend work or terminate this agreement upon ten days written notice to the Purchaser for any of the following reasons:

A. If an order of any court or other public authority causes the work to be stopped or suspended for a period of ninety days through no act or fault of the Seller or his employees.

B. If the Purchaser fails to make any payment specified in section 2 within 15 days of receiving written notice that such payment is due.

C. If Purchaser falsifies any warranty or statement herein or any statement to a lending institution in connection with financing for this contract; dies; becomes insolvent or seeks the protection of the bankruptcy court; makes an assignment for the benefit of creditors; or liens, encumbers or in any way jeopardizes the safety or security of Seller's investment.

Upon termination of this agreement by Seller, Seller shall be entitled to pursue all its remedies in law and equity and shall specifically be entitled at its option to complete construction of the premises, to another purchaser, and to collect from Purchaser any losses occasioned by Purchaser's default. Seller at their option, may cancel contract at anytime by

Tm JAM

CUSTOM BUILT HOMES OF MAINE, INC.

paying back the Buyer all their direct cost to date plus \$1.00 in the event of irreconcilable differences.

12. To the extent that any claim, issue or dispute is not covered by any conflicting provision or any valid home owner's warranty insurance policy, all claims or disputes between the Seller and Purchaser arising out of or related to this Agreement and the terms and conditions hereof shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then in force, unless the parties shall otherwise agree.

13. Notice of the demand for arbitration shall be filed in writing with the other party and with the American Arbitration Association and shall be made within a reasonable time after the dispute has arisen. The award rendered by the arbitrators shall be final and judgement may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. Except by written consent of the person or entity sought to be joined no arbitration arising out of or relating to this Agreement shall include, by consolidation, joinder or in any other manner, any person unless it is shown at the time the demand for arbitration is filed that (1) such person or entity is substantially involved in a common question of fact or law, (2) the presence of such person or entity is required if complete relief is to be accorded in the arbitration, (3) the interest or responsibility of such person or entity in the matter is not insubstantial. The Agreement herein among the parties or any other written agreement or arbitrate referred to herein shall be specifically enforceable under the prevailing arbitration law.

13A. This Agreement may not be assigned by the Purchaser without the prior written consent of the seller.

14. This contract and the Residential Construction Worksheet attached hereto completely express the obligations of the parties, and this contract is entered into by each party after opportunity for investigation, neither party relying on any statements or representations made by the other not contained in this contract. This contract can be modified only by written agreement of both parties.

15A. This contract is subject to approval of final plans and specifications by the Seller and the Purchaser.

15B. All work and/or items provided by the Purchaser are not covered under any home warranty.

15C. All work performed by the Purchaser shall be done without deviation to the Seller's schedule.

16. Once a letter of commitment has been issued by the Purchaser's lending institution which is acceptable to both parties, it is the sole responsibility of the Purchaser to close on the home as set forth in this contract. Any changes in the interest rates or changes in the Purchaser's personal liabilities which affect the Seller's ability to close on the home are the

Tm Jnm

Purchasers sole responsibility.
