Notice: This certificate identifies lawful use of building or premises, and ought to be transferred from owner to owner when property changes hands. Copy will be furnished to owner or lessee for one dollar.

BUILDING PERMIT REPORT

DA	TE: 24 July 98 ADDRESS: 20 BUCA Run (LOT#10) 336-H-060
RE.	ASON FOR PERMIT: To Construct a Single family duelling
BU	ILDING OWNER: Diver Si fied Proper Ties
CO	NTRACTOR: CUSTOM BUILT Homes of MAINE
PER	EMIT APPLICANT:
USE	GROUP R-3 BOCA 1996 CONSTRUCTION TYPE 5B
	CONDITION(S) OF APPROVAL
This	Permit is being issued with the understanding that the following conditions are met:
Арр	roved with the following conditions: */*2*5 *6 *8 *9*10 *11 *12 *16*23*24*25*26*27*26*27*30
₹1. ★2. ★ 2.5 ★ 2.5 ★ 6. 7.	This permit does not excuse the applicant from meeting applicable State and Federal rules and laws. Before concrete for foundation is placed, approvals from the Development Review Coordinator and Inspection Services must be obtained. (A 24 hour notice is required prior to inspection) Foundation drain shall be placed around the perimeter of a foundation that consists of gravel or crushed stone containing not more than 10 percent material that passes through a No. 4 sieve. The drain shall extend a minimum of 12 inches beyond the outside edge of the footing. The thickness shall be such that the bottom of the drain is not higher than the bottom of the base under the floor, and that the top of the drain is not less than 6 inches above the top of the footing. The top of the drain shall be covered with an approved filter membrane material. Where a drain tile or perforated pipe is used, the invert of the pipe or tile shall not be higher than the floor elevation. The top of joints or top of perforations shall be protected with an approved filter membrane material. The pipe or tile shall be placed on not less than 2" of gravel or crushed stone, and shall be covered with not less than 6" of the same material. Precaution must be taken to protect concrete from freezing. It is strongly recommended that a registered land surveyor check all foundation forms before concrete is placed. This is done to verify that the proper setbacks are maintained. Private garages located beneath habitable rooms in occupancies in Use Group R-1, R-2, R-3 or I-1 shall be separated from adjacent interior spaces by fire partitions and floor/ceiling assembly which are constructed with not less than 1-hour fire resisting rating. Private garages attached side-by-side to rooms in the above occupancies shall be completely separated from the interior spaces and the attic area by means of ½ inch gypsum board or the equivalent applied to the garage means of ½ inch gypsum board or the equivalent applied to the garage side. (Chapter 4 Section 407.0 of the
★ 8. ★ 9. ★ 10.	Guardrails & Handrails: A guardrail system is a system of building components located near the open sides of elevated walking surfaces for the purpose of minimizing the possibility of an accidental fall from the walking surface to the lower level. Minimum height all Use Groups 42", except Use Group R which is 36". In occupancies in Use Group A, B, H-4, I-1, I-2 M and R and public garages and open parking structures, open guards shall have balusters or be of solid material such that a sphere with a diameter of 4" cannot pass through any opening. Guards shall not have an ornamental pattern that would provide a ladder effect. (Handrails shall be a minimum of 34" but not more than 38". Use Group R-3 shall not be less than 30", but not more than 38".) Handrail grip size shall have a circular cross section with an outside diameter of at least 1 1/4" and not greater than 2". Headroom in habitable space is a minimum of 7'6". Stair construction in Use Group R-3 & R-4 is a minimum of 10" tread and 7 3/4" maximum rise. All other Use group minimum 11" tread. 7" maximum rise.
未11. よ12.	The minimum headroom in all parts of a stairway shall not be less than 80 inches. (6' 8") Every sleeping room below the fourth story in buildings of use Groups R and I-I shall have at least one operable window or exterior door approved for emergency egress or rescue. The units must be operable from the inside without the use of special knowledge or separate tools. Where windows are provided as means of egress or rescue they shall have a sill height not more than 44 inches (1118mm) above the floor. All egress or rescue windows from sleeping rooms shall have a minimum net clear opening height dimension of 24 inches (610mm). The minimum net clear opening width dimension

shall be 20 inches (508mm), and a minimum net clear opening of 5.7 sq. ft. Each apartment shall have access to two (2) separate, remote and approved means of egress. A single exit is acceptable 13. when it exits directly from the apartment to the building exterior with no communications to other apartment units. All vertical openings shall be enclosed with construction having a fire rating of at lest one (1)hour, including fire doors with 14. self closer's. (Over 3 stories in height requirements for fire rating is two (2) hours.) The boiler shall be protected by enclosing with (1) hour fire-rated construction including fire doors and ceiling, or by 15. providing automatic extinguishment. All single and multiple station smoke detectors shall be of an approved type and shall be installed in accordance with the A16. provisions of the City's Building Code Chapter 9, Section 19, 920.3.2 (BOCA National Building Code/1996), and NFPA 101 Chapter 18 & 19. (Smoke detectors shall be installed and maintained at the following locations): In the immediate vicinity of bedrooms In all bedrooms In each story within a dwelling unit, including basements In addition to the required AC primary power source, required smoke detectors in occupancies in Use Groups R-2, R-3 and I-1 shall receive power from a battery when the AC primary power source is interrupted. (Interconnection is required) A portable fire extinguisher shall be located as per NFPA #10. They shall bear the label of an approved agency and be of an 17. approved type. The Fire Alarm System shall be maintained to NFPA #72 Standard. 18. The Sprinkler System shall maintained to NFPA #13 Standard. 19. All exit signs, lights, and means of egress lighting shall be done in accordance with Chapter 10 Section & Subsections 20. 1023. & 1024. Of the City's building code. (The BOCA National Building Code/1996) Section 25-135 of the Municipal Code for the City of Portland states, "No person or utility shall be granted a permit to 21. excavate or open any street or sidewalk from the time of November 15 of each year to April 15 of the following year". The builder of a facility to which Section 4594-C of the Maine State Human Rights Act Title 5 MRSA refers, shall obtain a 22. certification from a design professional that the plans commencing construction of the facility, the builder shall submit the certification to the Division of Inspection Services. Ventilation shall meet the requirements of Chapter 12 Sections 1210. Of the City's Building Code. (crawl spaces & attics) All electrical, plumbing and HVAC permits must be obtained by a Master Licensed holders of their trade. *25. *26. All requirements must be met before a final Certificate of Occupancy is issued. All building elements shall meet the fastening schedule as per Table 2305.2 of the City's Building Code. (The BOCA National Building Code/1996). X27. Ventilation of spaces within a building shall be done in accordance with the City's Mechanical Code (The BOCA National Mechanical Code/1993). X28. Please read and implement the attached Land Use-Zoning report requirements. Boring Culting and Notching Shall be done in accordance with sections 2305.3 5. 1 and 2305, 4.4-Glass and Glazing shall be done in accordance with chapter 24. K30. The building oldo 31. 32.

CITY OF PORTLAND Planning and Urban Development Department

MEMORANDUM

TO:

Joseph E. Gray, Jr., Director of Planning and Urban Development

Alexander Jaegerman, Chief Planner

FROM:

James Seymour, Acting Development Review Coordinator

DATE:

April 5, 1995

SUBJECT: Disclaimer Statement of Existing Poorly Drained Areas

It is the responsibility of the lot owner/homebuilder to assess drainage and provide for appropriate stormwater management design and engineering in an area which has evidence of poor hydrologic soil conditions, and/or a history of poor drainage, ponding, or soils saturation due to topography, fluctuation of seasonal ground water tables creating surface flooding, or as a result from rainfall events or snow/ice melts. The City of Portland is not responsible for resolving the drainage of land areas which could be described in any one of the above conditions.

The City of Portland Development Review Coordinator reviews lot grading for all single family homes to assure that field elevations will conform to the grades which exist at the abutting property line or to the grades which have been previously approved at the abutting property lines. The construction standards require that final foundation elevations be provided on site plans which are a minimum of 2 1/2 feet higher than street grades established at the frontage of the lot and provide positive drainage away from the entire foundation perimeter, including garage, and all basement accesses (ie. bulkheads, doorways and windows). As long as these standards are strictly enforced, most water problems on single family lots will be avoided. However, in locations with clear evidence of hydric soils, the following note shall be placed on all approved site plans:

> "The City of Portland Development Review Coordinator has reviewed and approved this plan. The lot is located in an areas that is subject to seasonal conditions of saturation by surface or groundwater. Approval of this plan does not constitute a guarantee that no water problems will be experienced by the homeowners in this vicinity. Homeowners are advised to exercise care and diligence to ensure that their home and yard is adequately constructed and graded for localized drainage conditions."

CITY OF PORTLAND, MAINE PUBLIC NOTICE

To All Building Permit Applicants and/or Contractors:

Effective immediately all temporary erosion control measures as shown on submitted site plans or as made part of a conditional approval of a site plan shall be installed, maintained, and inspected for proper functioning. Erosion control measures include but are not limited to silt fencing hay bales, stone check dams, earthen berms, stone lined swales, riprap embankments, riprap inlet/outlets of any pipe channel or culvert, sodded or grass strips, hay mulch cover on exposed soils, jute matting or erosion control blanket/matting, geotextile grids or webbing, and any provision approved by the City Engineer or Development Review Coordinator to decrease erosion or sedimentation.

All temporary and permanent erosion control measures shall be in conformance with the Maine Erosion and Sediment Control Handbook for construction: Best Management Practices as published by Cumberland County SWCD and the Maine Department of Environmental Protection. Consistent failure to install, maintain, or construct in an acceptable manner will result in a stop work order on the building permit. All erosion control measures shall be established in proposed areas of disturbed soils resulting from construction activities prior to actual construction unless a specific deadline has been made a condition of approval or agreed to by a Public Works Engineer or the Development Review Coordinator.

Effective immediately any request for Certificate of Occupancy will be denied if the above measures have not been addressed or completed. Only under extreme conditions, due to weather, shall the omission of the erosion control standards be included on the conditions for a Certificate of Occupancy, otherwise the request for a Certificate will be refused.

The City of Portland Planning Department and Public Works Department consider Erosion and Sediment Control Planning to be an absolutely necessary initial construction activity that requires as much attention and enforcement as building construction. For the protection of sensitive waterbodies, undisturbed lands, neighboring properties, established vegetated areas, and municipal drainage systems please pay careful attention to erosion and sediment control measures and conform to the notes, details, and conditions of approval as noted on your approved site plan. These controls must be installed and maintained continuously throughout the construction period. The City may inspect the site at any time to ensure compliance, and violations could result in work stoppage orders as indicated above.

We appreciate your prompt compliance with these requirements.

STATUTORY WARRANTY DEED

DIVERSIFIED PROPERTIES, INC., a Maine corporation with a mailing address of P.O. Box 10127, Portland, Maine 04104

For Consideration Paid, GRANTS with WARRANTY COVENANTS TO:

CUSTOM BUILT HOMES OF MAINE, INC., a Maine corporation with a mailing address of 27 Main Street, Windham, Maine 04062

A certain lot or parcel of land situated on Buca Run in the City of Portland, County of Cumberland and State of Maine, and being Lot 2, Lot 10 and Lot 18 as shown on 'Plan Showing a Portion of Woodfords Gardens Phase II Amended Recording Plat Buca Run', Portland, Maine prepared for Diversified Properties, Inc. by Land Use Consultants, Inc. amended March 10, 1998, as amended and recorded at the Cumberland County Registry of Deeds in Plan Book 198, Page 70.

Being a portion of the premises conveyed to the Grantor herein by deed of R.J. Grondin & Sons dated March 6, 1995 and recorded at said Registry of Deeds in Book 11842, Page 315.

This conveyance is SUBJECT to Notes 1 through 11 as shown on said plan.

Reference is made to Note #6 of the Buca Run Subdivision Recording Plat regarding restrictions on tree clearing, construction of buildings, filling, regrading or other obstructions in private drainage easements.

Reference is made to Note #5 of the Buca Run Subdivision Recording Plat that includes minimum building sill elevations and lower building elevation for each lot.

Reference is made to Note #2 relating to building windows as shown on said Plan.

Reference is made to Note #11 of the Buca Run Subdivision Recording Plat that includes the drainage easement as shown on Lots 1 through 6.

Lot 10 is SUBJECT to a private twenty (20) foot wide drainage easement along the southerly sideline of said lot and a private thirty (30) foot wide drainage easement, fifteen (15) feet of which is along the easterly sideline of said lot, all as shown on said Plan.

Lot 18 is SUBJECT to a private thirty (30) foot wide drainage easement, fifteen (15) feet more or less of which is along the easterly sideline of said lot as shown on said Plan.

Also hereby conveying all rights, easements, privileges and appurtenances belonging to the premises hereinbefore described.

All real estate taxes payable to the City of Portland shall be prorated as of the date of closing.

IN WITNESS WHEREOF, said DIVERSIFIED PROPERTIES, INC. has caused this instrument to be signed in its corporate name and sealed with its corporate seal by Lloyd B. Wolf, its President thereunto duly authorized this day of , 1998.

DIVERSIFIED PROPERTIES, INC.

 Ву:
Its President

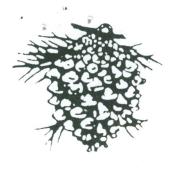

STATE OF MAINE CUMBERLAND, SS.

Home Building Contract

Agreement, by and between CUSTOM BUILT HOMES OF MAINE, INC. (hereinafter referred to as Seller), and

EDWARD & HEATHER OWENS

(hereinafter collectively referred to as Purchaser)

- *. Seller agrees to sell the lot described in the Customer Preconstruction Worksheet attached hereto and incorporated herein and to construct on said lot a dwelling as described therein and Purchaser agrees to buy and accept same. Seller warrants that it holds good and marketable title to said lot, free and clear of all encumbrances and that said lot is buildable within the framework of State and Federal statutes, State regulations, local ordinances, and good building practices. Seller agrees to furnish all necessary labor, materials, equipment, tools and services necessary to perform and complete in a workmanlike manner all work required for construction of the project in accordance with the basic plans and specifications identified in the Customer Preconstruction Worksheet and any modifications thereto identified in the Customer Preconstruction Worksheet. Seller reserves the right, without notice, to substitute for the materials described in the specifications, materials of equal or better quality. Materials delivered but not incorporated into the dwelling shall remain the property of the Seller and may be removed at any time by Seller.
- 2. Subject to the adjustments hereinafter described, Purchaser agrees to pay and Seller agrees to accept in full payment for the performance of this contract the amount of \$111,000.00, payable as follows:
- A. \$1,000.00, down payment on the signing of this agreement.
- B. \$0.00, Upon completion of the foundation.
- C. \$0.00, Upon commencement of the construction of exterior shell of the house.
- D. \$110,000.00, When the contract is completed and prior to taking possession.
- E. In addition to the contract sum, Purchaser shall be responsible for any ledge excavation and any fill which must be brought to the site. Purchaser agrees to make any such payment upon completion of the foundation.
- F. If the site is not accessible, Purchaser agrees to bear all costs to bring materials from the nearest accessible point to the site. Purchaser agrees to make any such payment prior to taking possession.
- G. If Purchaser fails to make any payment within 10 days after receiving notice that such payment is due, interest will accrue on said payment at a rate of 1½% per month until such payment is made, said interest to be paid at the time of making said late payment.

- 3. In the event that Purchaser secures bank financing for all or a portion of the payment it is obligated to make hereunder, payment shall be made in accordance with the payment schedule prescribed by the lending institution, subject to approval of said schedule by the Seller. If Purchaser secures only partial financing, Purchaser shall be obligated to supplement the payments from the lending institution so as to meet the payment schedule set forth in section 2. Purchaser's obligations hereunder are not to be affected or modified by the terms of any bank financing secured by Purchaser unless Seller shall consent in writing.
- 4. Seller contemplates that construction shall begin within 60 days from the date of this agreement and shall be completed 90 days after it begins. If for any reason outside of Seller's control, construction does not commence within 45 days from the date of this agreement, Purchaser shall be liable for any increase in materials or labor occasioned by said delay. Seller shall not be liable for failure to perform, or for delay in performing this agreement, for any cause beyond Seller's control including, but not limited to, strikes, lockouts, industrial disturbances, floods, accidents, fire and the elements, war, rebellion, civil strife, transportation, condition of ground, or acts of God.
- 5. In the event that seasonal weather conditions or other circumstances beyond Seller's control, make performance of certain part or parts of Seller's obligations impractical, Purchaser shall escrow with Norway Savings Bank, Windham, Maine an amount equal to the cost of said uncontrollably delayed work, and all other sums due under this Agreement shall be paid to Seller in accordance with the payment schedule set forth in section 2. The said escrow amount shall be limited to the specific delayed work on terms which Seller and Purchaser shall agree to in writing at the time of said escrow. In the event that Seller fails to in said performance, Norway Savings Bank shall be directed in said escrow agreement to deliver to Purchaser said escrowed amount upon such failure. In all events, Norway Savings Bank shall be released and held harmless with respect to any liability for any acts in good faith pursuant to said escrow agreement.
- 6. Any alteration or deviation from the plans and specifications identified in the Preconstruction Worksheet that results in a revision of the contract price will be executed only upon the parties entering into a written change order. Buyer shall pay any increases in the contract price as a result of a change order no later than the payment described in section 2 (d) above.
- 7. The closing shall occur on xxxxxxxx or within 5 days of issuance of an occupancy permit by the appropriate authority, whichever event shall occur later and it is agreed that at such closing Purchaser shall pay all sums due under contract. If the closing does not occur within said time, Purchaser shall pay to seller, in addition to all other sums due hereunder, the sum of One Hundred and Fifty Dollars a day for each day the closing is delayed. At the time of closing, a good and sufficient warranty deed showing marketable title shall be delivered to Purchaser. Said lot shall be conveyed subject to covenants, conditions, easements and restrictions of record, and shall further be subject to all applicable land use laws and regulations. Should title prove to be defective, Seller shall have reasonable time after due notice of such defect or defects to remedy the title and hereby agrees to use diligent efforts to

cure any such defects. At the closing real estate taxes shall be prorated. Both parties shall pay their respective transfer taxes as required by the laws of the State of Maine.

- 8. Seller warrants that the work will be free from faulty materials; constructed according to the standards of the building code applicable for this location; constructed in a skillful manner and fit for habitation. The warranty rights and remedies set forth in the Maine Uniform Commercial Code apply to this contract. Seller shall not be liable for consequential or special damages and the liability of Seller on any claim arising in connection with this contract shall not exceed the price of that part of the contract involved in the claim, and the foregoing shall be the sole remedy of the Purchaser. EXCEPT AS SPECIFICALLY STATED HEREIN SELLER MAKES NO WARRANTIES OF ANY MATURE, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
- 9. Purchaser acknowledges that the presence of radon gas in a home, whether from the ground, from the private water supply or from any other source, may pose certain health risks. Seller makes absolutely no warranty, and undertakes no liability with respect to the same, or with respect to any other aspect of the domestic water supply and agree to have all wells meet State of Maine well drilling standards.
- A. Seller makes no warranty and undertakes no liability with respect to the domestic water supply, City water pressure and quality of water in drilled wells. Water quality is the sole responsibility of the Purchaser.
- 10. Maine law (10 M.r.S.A 1411 § et seq.) establishes minimum energy efficient standards for new residential buildings and additions to existing buildings. The work which Seller will perform will (circle one) meet/exceed those standards.
- 11. Seller may suspend work or terminate this agreement upon ten days written notice to the Purchaser for any of the following reasons:
- A. If an order of any court or other public authority causes the work to be stopped or suspended for a period of ninety days through no act or fault of the Seller or his employees.
- B. If the Purchaser fails to make any payment specified in section 2 within 15 days of receiving written notice that such payment is due.
- C. If Purchaser falsifies any warranty or statement herein or any statement to a lending institution in connection with financing for this contract; dies; becomes insolvent or seeks the protection of the bankruptcy court; makes an assignment for the benefit of creditors; or liens, encumbers or in any way jeopardizes the safety or security of Seller's investment.

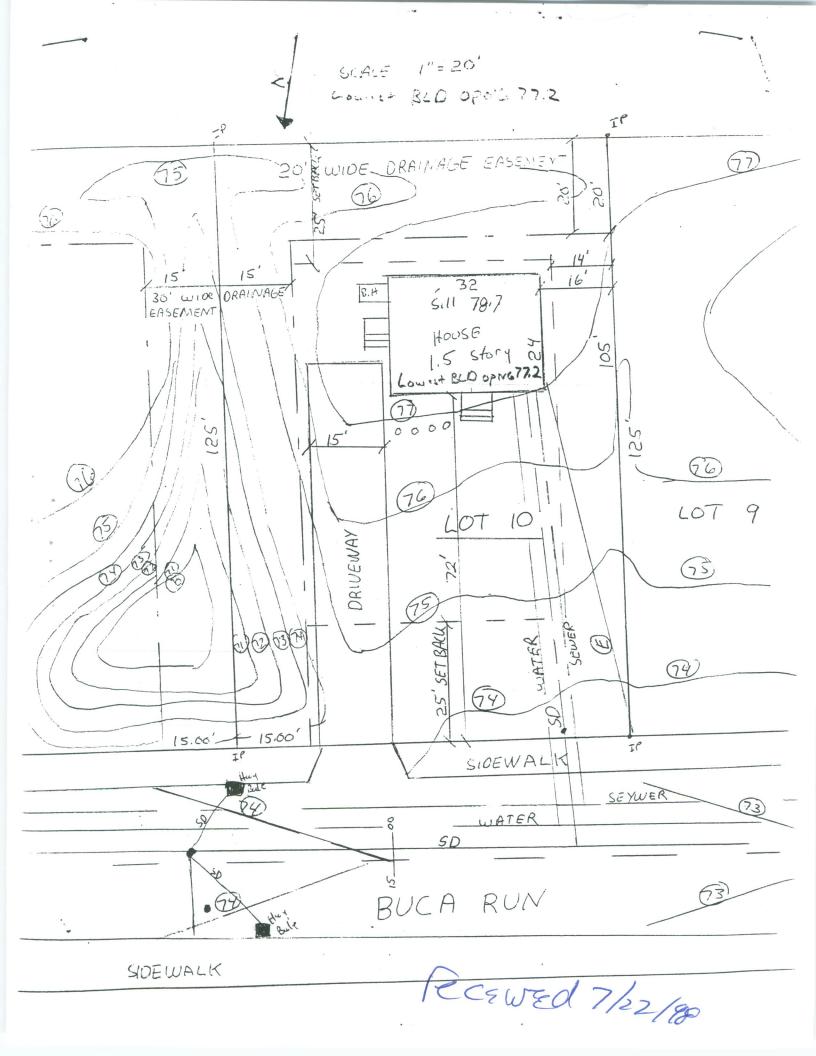

Upon termination of this agreement by Seller, Seller shall be entitled to pursue all its remedies in law and equity and shall specifically be entitled at its option to complete construction of the premises, to another purchaser, and to collect from Purchaser any losses occasioned by Purchaser's default. Seller at their option, may cancel contract at anytime by

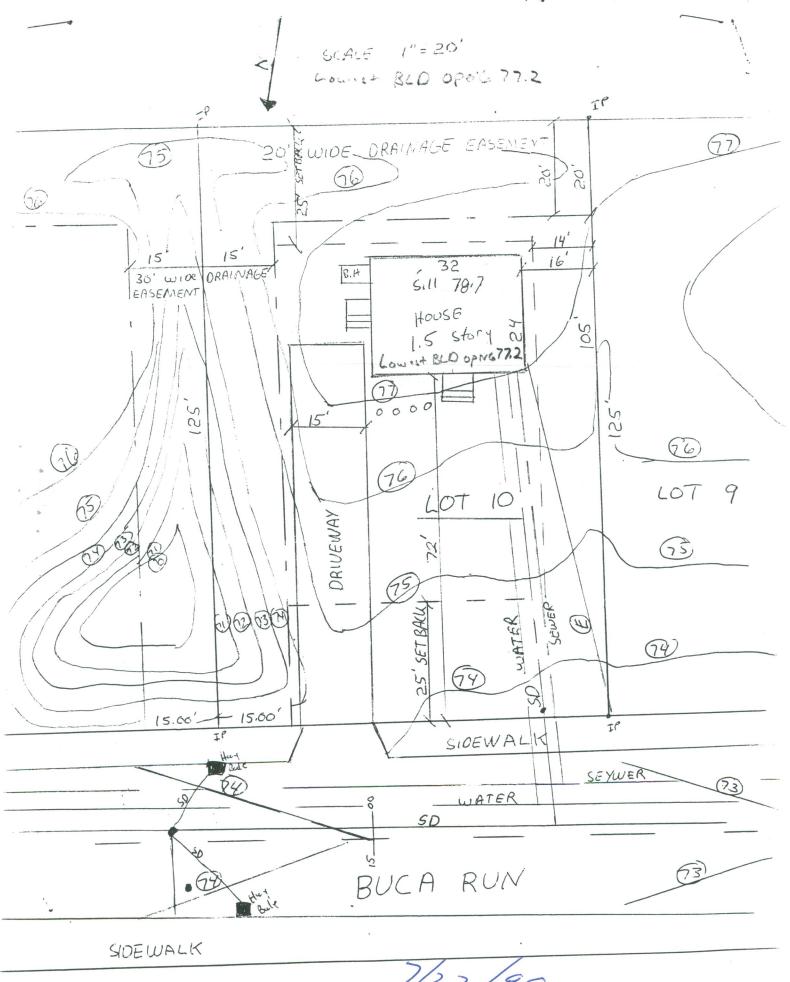

paying back the Buyer all their direct cost to date plus \$1.00 in the event of irreconcilable differences.

- 12. To the extent that any claim, issue or dispute is not covered by any conflicting provision or any valid home owner's warranty insurance policy, all claims or disputes between the Seller and Purchaser arising out of or related to this Agreement and the terms and conditions hereof shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then in force, unless the parties shall otherwise agree.
- 13. Notice of the demand for arbitration shall be filed in writing with the other party and with the American Arbitration Association and shall be made within a reasonable time after the dispute has arisen. The award rendered by the arbitrators shall be final and judgement may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. Except by written consent of the person or entity sought to be joined no arbitration arising out of or relating to this Agreement—shall include, by consolidation, joinder or in any other manner, any person unless it is shown at the time the demand for arbitration is filed that (1) such person or entity is substantially involved in a common question of factor law, (2) the presence of such person or entity is required if complete relief is to be accorded in the arbitration, (3) the interest or responsibility of such person or entity in the matter is not insubstantial. The Agreement herein among the parties or any other written agreement or arbitrate referred to herein shall be specifically enforceable under the prevailing arbitration law.
- 13A. This Agreement may not be assigned by the Purchaser without the prior written consent of the seller.
- 14. This contract and the Residential Construction Worksheet attached hereto completely express the obligations of the parties, and this contract is entered into by each party after opportunity for investigation, neither party relying on any statements or representations made by the other not contained in this contract. This contract can be modified only by written agreement of both parties.
- 15A. This contract is subject to approval of final plans and specifications by the Seller and the Purchaser.
- 15B. All work and/or items provided by the Purchaser are not covered under any home warranty.
- 15C. All work performed by the Purchaser shall be done with out deviation to the Seller's schedule.
- 16. Once a letter of commitment has been issued by the Purchasers lending institution which is acceptable to both parties, it is the sole responsibility of the Purchaser to close on the home as set forth in this contract. Any changes in the interest rates or changes in the Purchasers personal liabilities which effect the Sellers ability to close on the home are the Purchasers sole responsibility.

CITY OF PORTLAND Planning and Urban Development Department

MEMORANDUM

TO:

Code Enforcement

FROM:

Jim Wendel, Development Review Coordinator

DATE:

October 7, 1998

SUBJECT:

Request for Certificate of Occupancy

20 Buca Run (Lot 10)

On October 7, 1998 a site visit was made to review the completion of the requirements of the site plan approval dated June 23, 1998. My comments are:

1. Sidewalks were being installed by A.H. Grover at the time of the site visit. A.H. Grover will blend sidewalk elevation into lawn grade sot hat runoff from front of the house will flow directly over lawn and sidewalk into the street.

It is my opinion that all of the conditions of the site plan approval have been satisfactorily completed and a **permanent Certificate of Occupancy could be issued** assuming Code Enforcement has no outstanding issues.
