INSTRUCTIONS

First - This district is to be used for the purpose of the City of Portland Water District. It is to be used for the purpose of the City of Portland Water District. It is to be used for the purpose of the City of Portland Water District.

Second - All applications must be submitted to:

City of Portland
Dist. of Public Works
424 1/2 Ave.
Portland, Maine 04202

Attn: Mr. William G. ...

Third - Public Works Department will call the owner indicated on front slip to schedule submeter installation inspection. During this inspection the submeter will be installed and the submeter account will be established. Following this inspection a copy of the application form, if the application is approved, will be mailed to the City of Portland Water District. The copy will be mailed to the applicant if the application is denied. The copy will be mailed to the applicant if the application is approved.

Fourth - Upon receipt of a copy of the approved application, the applicant can purchase and install the submeter as approved. Following installation the applicant or his plumber must call the Chief Plumbing Inspector at 777-5451 for an inspection of the completed installation. Following inspection by the Chief Plumbing Inspector, the water district will be requested to seal the submeter and approve to have an automatic reading system installed. The general information is installed here by the water district. The submeter will be checked on the Sewer User Charges of the city.

353

GENERAL INFORMATION

The City and the District have approved to receive the customer from the metering system. The metering system will be installed by the City of Portland Water District. The metering system will be installed by the City of Portland Water District. The metering system will be installed by the City of Portland Water District.

The City and the District have approved to receive the customer from the metering system. The metering system will be installed by the City of Portland Water District. The metering system will be installed by the City of Portland Water District. The metering system will be installed by the City of Portland Water District.

Approved meters are, master and submeter meters, conforming to the following specifications:

- 1. shall meet or exceed ANSI accuracy test requirements and be accompanied by a certificate of test accuracy;
- 2. the meter will have straight reading, cubic foot registers;
- 3. the meter will have the meter cover stamped into the meter case;
- 4. the meter shall be metric drive;
- 5. shall have either a rotating disc or oscillating piston;
- 6. shall have a bronze case.

Approved meters are available from the Water District, which sells them for the price the District pays them from the manufacturers. If you wish to purchase a submeter from the District you must bring your copy of an approved application with you at time of purchase.
