No permit

Dear Ms. Munson:

I am writing to bring to your attention a structure that is an eyesore to the neighborhood. This structure is located behind the house at the end of Barclay Ave. and is adjacent to the end of Luke St. It does not appear to be up to code and if it is, it has been in an unfinished state for quite some time (plastic flapping in the wind, etc.). It would be greatly appreciated if one of your code enforcement officers could stop by to inspect this structure.

Thank you for your attention to this matter.

Sincerely,

A Concerned Neighbor & Portland Tax Payer (Who would rather not sign their name in order to avoid bad feelings and/or a confrontation.)

cc John Coyne, City Counselor
111 Saugus St,
Portland, ME 04103
