To Whom it May Concern:

This letter is regarding a fence and its placement on our property at 33 Arthur Street, Portland.

In June of 1996, we removed an about 52 foot long, 4 foot high fence, as well as a 50 foot pine tree on the left side of our house, which is on a corner lot and very open to the street. As a matter of safety for our children and pets, as well as privacy, we replaced the old fence with about 35 feet of 6 foot stockade fencing.

On July 11th, we were notified by your inspectors of Land Use Ordinance 14-426, fences within 25 feet of a street shall not be more than 4 feet in height. We feel there is nothing wrong with its placement, since it sets in about 13 feet into our yard away from Homestead Ave. and the front part facing Arthur Street is the required 25 feet back from the stop sign so as not to obstruct view at the intersection. So, on July 18th, a traffic engineer did determine there were no site line of view problems and we were clear to maintain fence at present height.

But due to other property owners knowing of this ordinance and complaints being made, we are now requesting an appeal and seeking the zoning boards permission to keep our fence at its present height.

Enclosed are photos and any other information you may need to review this matter.

Your consideration regarding this situation is greatly appreciated.

Sincerely,

James & Denise Shea
