I apologize for not having let you know that I have decided against putting up a chimney at this time. Maybe next year.

Thank you and, again, sorry not to have let you know -

Hello

in reviewing you application for completeness to enter into our system, I noticed you plot plan was a little light, difficult to read. Please darken it. Also, a plan of how the chimney will be constructed is also a requirement, showing measurements, etc. Please read the attached if you have further questions. Once we get a complete application package, we can enter it.
