---

Wayne, we have tried to contact you regarding incomplete application materials. It looks like you are trying for a change of use from 3 unit to a 4. Also, there are no structural drawings with dimensions for these changes. We do have an opportunity for you to come in and sit down with a plan reviewer, with plans in hand, and go over the expectations and develop an appropriate application. If you would like to schedule one of these plan reviews, please call 874-8703 and request one.

At this time, your submittal is not complete and we cannot move forward with this application.
