PERMIT APPLICANT: Bonnie Jackson					
APPROVED: With conditions) DENIED:					
# #6 # 10 # 1] CONDITION(S) OF APPROVAL					
This permit is being approved on the basis of plans submitted. Any deviations shall					
require a separate approval before starting that work.					
2. During its existence, all aspects of the Home Occupation criteria, Section 14-410, shall be					
maintained. 3. The footprint of the existing shall not be increased during maintenance					
reconstruction.					
4. All the conditions placed on the original, previously approved, permit issued on					
are still in effect for this amendment.					
5. Your present structure is legally nonconforming as to rear and side setbacks. If you were to demolish the building on your own volition, you will not be able to maintain these same					
setbacks. Instead you would need to meet the zoning setbacks set forth in today's					
ordinances. In order to preserve these legally non-conforming setbacks, you may only					
rebuild the in place and in phases.					
(6. / This property shall remain a single family dwelling. Any change of use shall require a					
separate permit application for review and approval.					
7. Our records indicate that this property has a legal use of units. Any change					
in this approved use shall require a separate permit application for review and approval.					
8. Separate permits shall be required for any signage. 9. Separate permits shall be required for future decks, sheds, pool(s), and/or garage.					
This is <u>not</u> an approval for an additional dwelling unit. You <u>shall not</u> add any additional					
kitchen equipment, such as stoves, microwaves, refrigerators, or kitchen sinks, etc.					
without special approvals.

use group R-3 boca 1996 construction type 5-B						
CONDITION(S) OF APPROVAL						
This permit is being issued with the understanding that the following conditions are met:						
Approved with the following conditions: \(\frac{\pi}{\pi}\), \(\frac{\pi}{5}\) \(\frac{\pi}{19}\) \(\frac{\pi}{27}\) \(\frac{\pi}{29}\) \(\frac{\pi}{33}\) \(\frac{\pi}{35}\) \(\p						

This permit does not excuse the applicant from meeting applicable State and Federal rules and laws.

Before concrete for foundation is placed, approvals from the Development Review Coordinator and I

- 2. Before concrete for foundation is placed, approvals from the Development Review Coordinator and Inspection Services must be obtained. (A 24 hour notice is required prior to inspection)
- 3. Foundation drain shall be placed around the perimeter of a foundation that consists of gravel or crushed stone containing not more than 10 percent material that passes through a No. 4 sieve. The drain shall extend a minimum of 12 inches beyond the outside edge of the footing. The thickness shall be such that the bottom of the drain is not higher than the bottom of the base under the floor, and that the top of the drain is not less than 6 inches above the top of the footing. The top of the drain shall be covered with an approved filter membrane material. Where a drain tile or perforated pipe is used, the invert of the pipe or tile shall not be higher than the floor elevation. The top of joints or top of perforations shall be protected with an approved filter membrane material. The pipe or tile shall be placed on not less than 2" of gravel or crushed stone, and shall be covered with not less than 6" of the same material. Section 1813.5.2
- 4. Foundations anchors shall be a minimum of ½" in diameter, 7" into the foundation wall, minimum of 12" from corners of foundation and a maximum 6' o.c. between bolts. (Section 2305.17)
- 5. Waterproofing and damp proofing shall be done in accordance with Section 1813.0 of the building code.
- 6. Precaution must be taken to protect concrete from freezing. Section 1908.0
- 7. It is strongly recommended that a registered land surveyor check all foundation forms before concrete is placed. This is done to verify that the proper setbacks are maintained.
- 8. Private garages located beneath habitable rooms in occupancies in Use Group R-1, R-2, R-3 or I-1 shall be separated from adjacent interior spaces by fire partitions and floor/ceiling assembly which are constructed with not less than 1-hour fire resisting rating. Private garages attached side-by-side to rooms in the above occupancies shall be completely separated from the interior spaces and the attic area by means of ½ inch gypsum board or the equivalent applied to the garage means of ½ inch gypsum board or the equivalent applied to the garage side. (Chapter 4, Section 407.0 of the BOCA/1996)
- All chimneys and vents shall be installed and maintained as per Chapter 12 of the City's Mechanical Code. (The BOCA National Mechanical Code/1993). Chapter 12 & NFPA 211
- Sound transmission control in residential building shall be done in accordance with Chapter 12, Section 1214.0 of the City's Building Code.
- Guardrails & Handrails: A guardrail system is a system of building components located near the open sides of elevated walking surfaces for the purpose of minimizing the possibility of an accidental fall from the walking surface to the lower level. Minimum height all Use Groups 42", except Use Group R which is 36". In occupancies in Use Group A, B, H-4, I-1, I-2, M and R and public garages and open parking structures, open guards shall have balusters or be of solid material such that a sphere with a diameter of 4" cannot pass through any opening. Guards shall not have an ornamental pattern that would provide a ladder effect. (Handrails shall be a minimum of 3e4" but not more than 38". Use Group R-3 shall not be less than 30", but not more than 38".) Handrail grip size shall have a circular cross section with an outside diameter of at least 1 ¼" and not greater than 2". (Sections 1021 & 1022.0) Handrails shall be on both sides of stairway. (Section 1014.7)
- 12. Headroom in habitable space is a minimum of 76". (Section 1204.0)
- 13. Stair construction in <u>Use Group R-3 & R-4is a minimum of 10" tread and 7 %" maximum rise</u>. All other Use Group minimum 11" tread, 7" maximum rise. (Section 1014.0)
- 14. The minimum headroom in all parts of a stairway shall not be less than 80 inches. (6'8") 1014.4
- Every sleeping room below the fourth story in buildings of Use Groups R and I-1 shall have at least one operable window or exterior door approved for emergency egress or rescue. The units must be operable from the inside without the use of special knowledge or separate tools. Where windows are provided as means of egress or rescue they shall have a sill height not more than 44 inches (1118mm) above the floor. All egress or rescue windows from sleeping rooms shall have a minimum net clear opening height dimension of 24 inches (610mm). The minimum net clear opening width dimension shall be 20 inches (508mm), and a minimum net clear opening of 5.7 sq. ft. (Section 1018.6)
 - 16. Each apartment shall have access to two (2) separate, remote and approved means of egress. A single exit is acceptable when it exits directly from the apartment to the building exterior with no communications to other apartment units. (Section 1010.1)
 - 17. All vertical openings shall be enclosed with construction having a fire rating of at least one (1) hour, including fire doors with self closer's. (Over 3 stories in height requirements for fire rating is two (2) hours.) (Section 710.0)

THIS IS NOT A PERMIT/CONSTRUCTION CANNOT COMMENCE UNTIL THE PERMIT IS ISSUED

March 17, 1999

To Whom It May Concern:

We are writing this letter to explain the change of use of our garage. We need more play space for our children. Our basement is quite wet preventing us from using it as living space. We have no extra room in the house now that we have another child. We would like very much to convert our garage into a playroom with a bathroom for our personal, private family use. We understood from a letter dated Nov. 10, 1998 from Tom Reinsborough that having heat and water for a play room was an acceptable change of use. Enclosed please find a plot plan showing setbacks of the garage from the street, lot lines and house.

If you have any further questions, please don't hesitate to call at the above number. Thank you for the time you have given this permit request.

Sincerely,

Anne L. Marley
