Subject: 127 Pennell Ave shed permit application

Hi Raymond,

I am in receipt of your permit application for a 8' x 8' shed. Your site plan shows two alternative locations. I will not be choosing your location for you. You must tell me where you will be putting the shed. Please note that you will need to place your shed a minimum of 5' from both the rear and side property lines.

Your permit will be on hold until you can get me a revised plan showing exactly where the new shed will be placed.

thank you,
Marge Schmuckal
