

# Radiant POOLS™

Today's residential lots often come with many landscape challenges, but with Radiant Pool's superior wall construction, you have options.

## THE METRIC POOL

In round, oval and new freeform shape, this 52" wall height pool can be installed above ground, inground, semi-inground or even on sloped terrain.

## THE KEYSTONE SEMI-INGROUND POOL

Available in 42", 48" & 52" wall heights. When you can't install all the way in ground, this pool looks and feels like you did!

## THE INGROUND POOL

Award-winning designs in classic and contemporary shapes offering a variety of sizes to fit any style.

- **Unique 2" Insulated Wall Panel**
- **Limitless installation Options**
- **Incredible Energy Savings**
- **100% Lifetime Transferable Warranty Including protection from winter damage on all Metric Pools!**

For greater structural integrity and long term value, a Radiant Pool is the smart investment for homeowners.

It is simply brilliant.

POOLS®

**eco-splash**  
smart swimming. green living.

Now you can install a pool that not only  
leaves a smaller footprint on the earth but  
also saves you money.

Radiant Pools R-10 insulated walls resist heat loss more  
efficiently than any other type of pool, maintaining water  
temperatures 5-10 degrees warmer. It allows the water to stay  
warmer longer, extending your swimming season by up to two  
months! And with the reduced need for a heater, it can save  
you \$1000's in energy costs over the life of your pool.

**Come on in, the water feels great  
and so will you!**
