Dear Mr. & Mrs Boone,

I am in receipt of your application for a Setback Reduction Permit For Existing Structures. After a review of the information that you submitted, I have concluded that you do not require this specialize exception. That section of the ordinance is to validate the situs of mislocated single family dwellings. I believe that your single family dwelling meets the Zoning Ordinance. I have enclosed a copy of Section 14-428 on corner lots. Your rear yard may be reduced down to that of a side yard under certain circumstances. I have found that you very definitely meet those circumstances under this provision.

It is my opinion that your dwelling is properly sited and that you are not in need of the application you applied for today. You may bring in your receipt for a partial refund. If you have any other question regarding this matter, please do not hesitate to contact me.

Existing facing long side- aggregate of yards		Required setbacks if facing on short side	
Front yard	25 feet	Front yard	25 feet
Rcar yard	1821 feet	Rear yard	25 feet
Side yard -rt	30 feet	Side yard -rt	14 feet
Side yard -lft	49 feet	Side yard -lft	14 feet

Other setbacks should have no change

TOTALS ~~125~~ feet is greater than ~~78~~ feet
122 still greater than \rightarrow

A copy of this letter will be placed in your microfiche building file.

Very Truly Yours,

Marge Schmuckal
