ATTACHMENT TO APPLICATION FOR SWIMMING POOL PERMIT

We have had a 24' round swimming pool in our back yard since 1980. We replaced the wall once and the liner twice during that time. The track, support posts and top rail were original. Part of the wall caved in during the winter months so we want to replace the old pool with a rectangular, easier to take of, pool from Gibraltar. We have removed the old pool from the premises. Enclosed are some pictures showing where the old pool was located. We want to put the new pool in approximately the same place. We have enclosed a color picture of the pool that we are buying. However, we will have the pool deck at the left end of the pool instead of the right end. The electrical box (shown as a box with the letter "E" in the plan that we drew) has been there since 1980 also. We want to locate the pool deck over the electrical box, and the enclosed drawing attempts to depict that.

The scale of the plan is that 1" equals approximately 8'.
