## MEMORANDUM

**TO:** Dave Caddell, Code Enforcement  
Kandi Talbot, Planner

**FROM:** Gordon Smith, Director of Construction Services  
Reviewed by Steve Bushey, P.E., Acting Development Review Coordinator

**DATE:** June 26, 2000

**RE:** Certificate of Occupancy - 11 Continental Drive

On June 23, 2000, the site was reviewed for compliance with the conditions of approval. My comment is:

The homeowner was having a difficult time finding trees large enough to meet the ordinance and they discussed the situation with the City Arborist. We have also found this to be the case this year and Jeff Taring told us that in light of the shortage of trees, the size requirement may be waived in this instance.

It is our opinion that a permanent certificate of occupancy could be issued, assuming Code Enforcement has no outstanding issues.
