BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 (ONLY)

or email: buildinginspections@portlandmaine.gov

With the issuance of this permit, the owner, builder or their designee is required to provide adequate notice to the city of Portland Inspections Services for the following inspections. Appointments must be requested 48 to 72 hours in advance of the required inspection. The inspection date will need to be confirmed by this office.

- **Please read the conditions of approval that is attached to this permit!! Contact this office if you have any questions.**
 - **Permits expire in 6 months. If the project is not started or ceases for 6 months.**
 - **If the inspection requirements are not followed as stated below additional fees may be incurred due to the issuance of a "Stop Work Order" and subsequent release to continue.**
1. Setbacks: *Shed and Pool Location*
 2. Grounding Grid- Prior to Concrete Pour (*Electrical Requirements*)
 3. Final Inspection (*Verify Pool Barrier Requirements*)

The project cannot move to the next phase prior to the required inspection and approval to continue, REGARDLESS OF THE NOTICE OF CIRCUMSTANCES.

IF THE PERMIT REQUIRES A CERTIFICATE OF OCCUPANCY, IT MUST BE PAID FOR AND ISSUED TO THE OWNER OR DESIGNEE BEFORE THE SPACE MAY BE OCCUPIED.

PORTLAND MAINE

Strengthening a Remarkable City, Building a Community for Life • www.portlandmaine.gov

Director of Planning and Urban Development
Penny St. Louis

Job ID: 2011-03-667-POOL

Located At: 4 ALLISON AVE.

CBL: 353 - - B - 001 - 001 - - - -

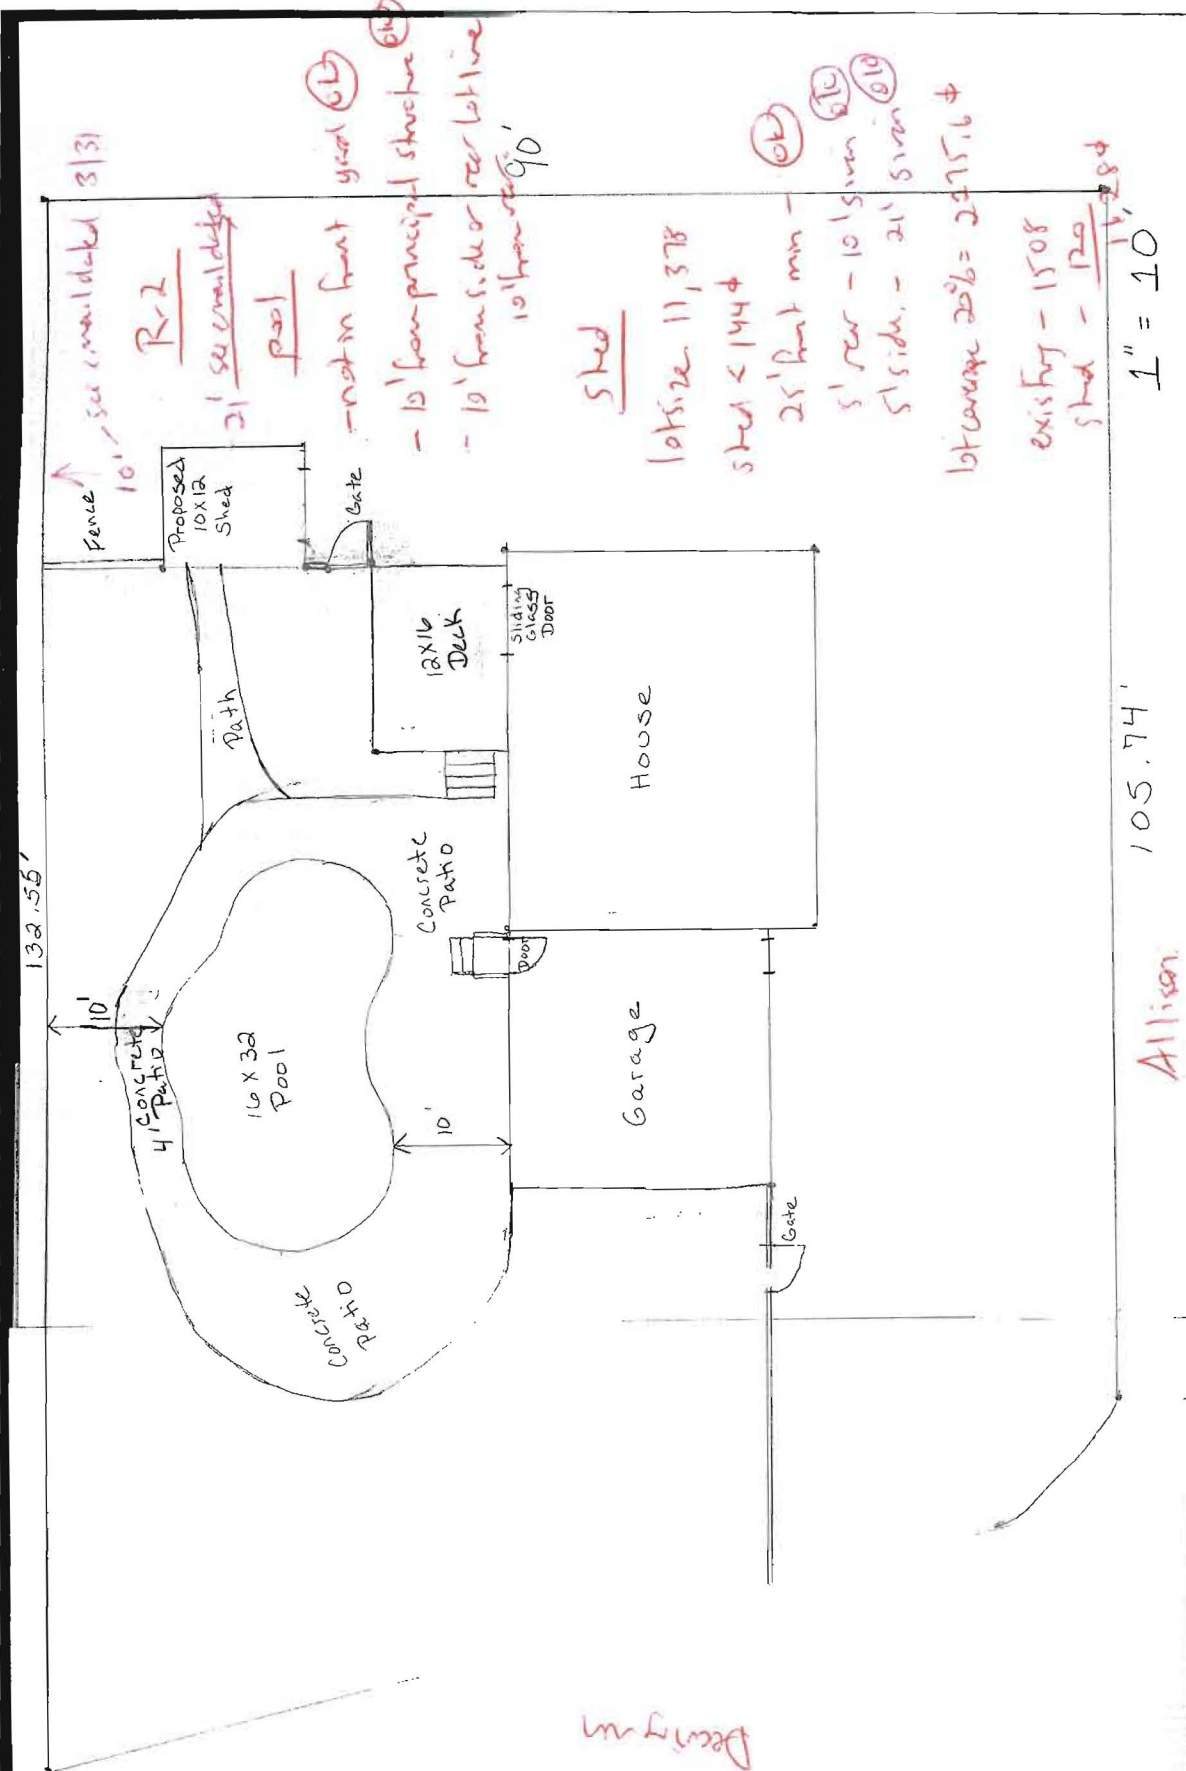

Conditions of Approval:

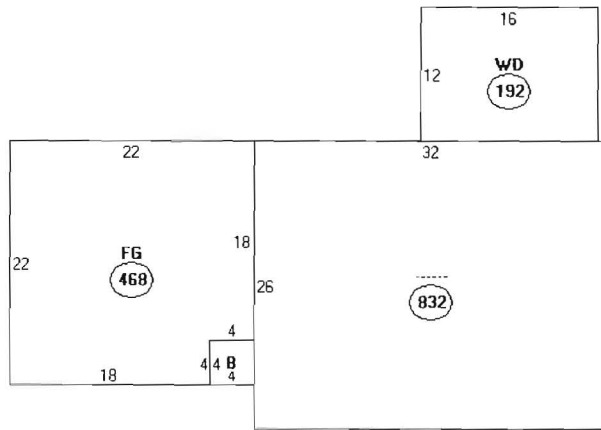

Zoning

1. This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.
2. This property shall remain a single family dwelling. Any change of use shall require a separate permit application for review and approval.
3. As discussed during the review process, the property must be clearly identified prior to pouring concrete and compliance with the required setbacks must be established. Due to the proximity of the setbacks of the pool (minimum of 10' from rear property line), it may be required to be located by a surveyor.

Building

1. Pool and barrier installation shall meet the code requirements in Sec. 6-24, *See Attached**.
2. Separate permits are required for any **electrical**, plumbing, sprinkler, fire alarm HVAC systems, heating appliances, including pellet/wood stoves, commercial hood exhaust systems and fuel tanks. Separate plans may need to be submitted for approval as a part of this process.

Descriptor/Area	
A: -----	832 sqft
B: OFP	16 sqft

The Magna-Latch Vertical Pull is a magnetic lockable gate latch, that when used with Tru Close Hinges, meets or exceeds the most stringent of pool codes (BOCA). Comes with screws and easy to follow instructions. Lifetime Warranty!! This is the little brother to the Magna Latch Top Pull. Works with vinyl, wood and metal (square frame) gates. Can also be on chain link (round frame) gates when used in conjunction with the round post adaptor (CGHDD1026). Lifetime Warranty!! Note - Works on a left or right swinging gate. asseenontv

Need Fasteners?: None

- 16 - Black Stainless Steel Self Drilling Screws for Metal or Vinyl ... add \$4.00

Quantity: 1

For regular range square frame gates weighing up to 55 lbs. Works best with ornamental aluminum or steel gate and fence materials. The 2 alignment legs help keep the hinges square to your gate and hinge post while at the same time adding additional strength by accepting extra screws. TRUCLOSE safety gate hinges are molded from special glass-fiber reinforced polymer materials. These UV-stabilized materials provide strong, rust-free hinges that won't bind, sag or stain! And they never require lubrication. The unique, spring-loaded adjuster within most TRUCLOSE hinges allows instant incremental tension adjustment using only a screwdriver. Quick, easy and safe! Please scroll down or select from the additional product pages below for more color and size options. Fasteners sold separately. asseenontv truclose

Description **Features** **More Information**

- The **Door Alarm** will sound immediately when a child opens the door, and will continue to sound if the door is left open. If a child goes through the door and closes it, the alarm will sound for five minutes and then automatically reset.
- **Poolguard Door Alarm** Model DAPT-WT is equipped with an Outdoor Wireless Transmitter that allows adults to enter the home from the outside without the alarm sounding, and is easy to install.
- The **Door Alarm** is always on and will automatically reset under all conditions.
- **Poolguard Door Alarm** is equipped with an adult pass through feature that will allow adults to go through the door without the alarm sounding.
- Optional screen door kits can be purchased for the alarm, this kit allows you to get air through your screen door without the alarm sounding.
- **Poolguard Door Alarm** uses one 9-volt battery (not included).
- The **Door Alarm** is equipped with a low battery indicator that will audibly alert you when your battery is getting low.
- The **Poolguard Door Alarm** is UL listed under UL 2017 for water hazard entrance alarm equipment.

"What a fantastic hard working crew and great customer service. The Safety Net looks so good! My wife and I could not be happier!"
-Steven,
Moreno Valley, CA
