Barbara, pursuant to our telephone conversation, I am writing to request a waiver to provide a sidewalk along the Unitil frontage. Rationale supporting this request includes the fact that this section of Riverside Industrial Parkway does not have curbs and the road is drained by ditches. This makes construction of a sidewalk difficult, and would mean that street drainage would flow across the sidewalk, icing at times of cold weather.

Additionally, it is approximately 1.7 miles along Riverside Industrial Parkway, between Forest Avenue and Riverside Street. There are no sidewalks along this entire stretch, except for about 200 linear feet of sidewalk from Forest Avenue, running north to cPort Credit Union.

Thank you, please let me know if any additional information is needed,
