

9/25 - Pre con w/contractor, ^{1902 WASHINGTON AVE. - 370-A-017} went over code issues - skylight Framing, decks, rails.

There may be a change in deck size - may need ammendment. JB

9/26/01 inspected Setback/partial Framing. Appears to be on Footing pad - Contractor verified 4' depth. Need joist hangers at Rim (house) ok to proceed. JB

11/21/01 - Electrical & Framing completed on addition - OK to close - Deck is larger than plans with a 3 FT overhang (candleover) at end. Told contractor that owner must amend permit to show new dimensions - setback in rear should not be a concern - over 70 FT to property line. Owner called at 2:50 11/21/01 - left message - I returned call at 3:09 PM. no answer & no machine.

12/19/01 - Amendment approved by Tom M. -
Final Drop - ok per amendment @
