RE: Lot #2 Ballpark Drive – 371-A-032 - R-2 Zone – application #05-1010

Dear Mr. Orlando,

I am in receipt of your application to construct a new single family home. First, I would like to confirm that the lot you are intending to build upon is lot #2. Your original application requested a permit for lot #3. However, your plans and deed indicate that you intend to building upon lot #2. Please confirm the lot that this permit covers.

Your permit is on hold at the present time because this office does not have all the required information in which to determine compliance with the zoning ordinance. This office will require a scaled survey, site plan showing the proposed building situated on the lot. Your survey site plan shall match your building plans. Currently your submitted reduced site plan does not match your constructions plans. All building projections such as decks, stairs, bay windows, steps, and chimneys shall be shown on your survey site plan. If your scaled submitted survey site plan is larger than 11" x 17", we will need a reduced copy of at least 11" x 17" for archiving purposes.

Your permit will be on hold without further review pending your required submittal(s).

Very truly yours,

A handwritten signature in black ink that reads "Marge Schmuckal".

August 5, 2005

Dear Mr. Orlando:

RE: Application for Single Family House, Ball Park Drive, Lot 2, ID # 2005-0170

Upon review of the site plan, the City's Planning Division has the following comments:

1. There is a 10' easement on your site plan that was not part of the Ball Park Subdivision. Please elaborate.
2. Please remove the foundation drain that falls within the stream buffer limit.
3. A sewer cleanout is required on sewer services greater than 80 feet from the sewer main. Please add a cleanout to the plan.
4. Reduced size/copy of site plan was not to-scale.

Please submit 4 copies of full size/scalable revised plans to my attention.

Sincerely,

Jay Reynolds
Development Review Coordinator
