Proposed Use: Single family	Proposed Project Description: Pour slab foundation under existing garage and rear extension. The rear garage extension will be relocated to meet setback requirements.			
Dept: Fast Track Status: Approved w/Conditions Reviewer: Christina Stacey Approval Date: 04/10/2017 Note: OK for main garage section to remain in non-conforming location, as it is legally existing/"grandfathered." Ok to Issue: <input checked="" type="checkbox"/> The rear addition must be relocated to conforming location as it was constructed without permit approval: Front setback 25' min - addition 86' - OK Rear setback 25' min - addition 233' - OK Side setback 8' min - Left - addition 58' - OK Right - addition 13' - OK Conditions: 1) The property shall remain a single-family dwelling. Any change of use shall require separate review and approval. 2) The property must be clearly identified prior to pouring concrete and compliance with the required setbacks must be established. Due to the proximity of the setbacks of the proposed structure, it may be required to be located by a surveyor. 3) Separate permits are required for any electrical, plumbing, sprinkler, fire alarm, HVAC systems, heating appliances, including pellet/wood stoves, commercial hood exhaust systems, fire suppression and fuel tanks. Separate plans may need to be submitted for approval as a part of this process. 4) This is being issued with the understanding that as a fast track, the owner is responsible for scheduling inspections for the work being done and the inspector may require modifications to the work that has been completed if it does not meet code. 5) This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.
