Hi guys,

In an effort to keep more current with the legalization permits, I found three that I think you've recently inspected but I haven't yet gotten a report back from you. They are:

879 Congress St - owners Gregory & Carol Kontos

202 Dartmouth St - owner FortyNine LLC, agent Port Property Mgt/Bianca Garber

23 Sanborn St - owner Merrill Abramson

Can you let me know what you found for each? If it's easier, you don't need to fill out the special form. Maybe just e-mail me a list of the work that's needed and whether you think it's major work (i.e. requiring a separate building permit).

Thanks for your help as always,
Chris

879 Congress street: This was a fail until conditions are met.

202 Dartmouth Street: This was approved with conditions

23 Sanborn Street: This was a fail until conditions are met. The owner has contacted me and the work is completed. I will need to do a follow up inspection most likely this week.

thanks, Chuck

OK, thanks. I am going to sign off on all three for zoning, with my usual condition that the legalization is not final until a CO is issued. I will probably follow up with you and/or the applicants in 30 days if the CO's are not issued. I'm not sure how else to keep track of making sure these don't stall out.
