Hi Raffe and Judith,

I am in the process of reviewing and approving your permit for front step replacement at the above-referenced address. Firstly, I wanted to apologize for the long delay in reviewing this permit. I appreciate your patience during this process.

Before I sign off, I did have one quick question - can you just confirm that the replacement steps are the same footprint dimensions as the old ones? I assumed they were but there were no measurements included, so I wanted to double check.

Thanks for your help,
Chris
