Options & Upgrades

Site Requirements

- Clearance** Shed site. Please remove tree branches, etc. and 12' above ground.
- Land Grade** Must be less than 6" slope with no protruding rocks or stumps in the area.
- Access** Shed is delivered in prefab panels; clear access, stairs, narrow walkways, fences, gates, shrubs, carports, awnings, etc. may present difficulties and should be brought to the attention of Sheds USA prior to delivery.
- Land Quality** Consider all factors when choosing your site, including proper drainage, firmness of earth, etc.
- Permits** Responsibility of the homeowner. Please contact your local town office soon after ordering your shed to determine any restrictions or setback requirements.
- Shed site** must be 150' or less from where a large tractor-trailer can park. Shed sites 150' - 300' from truck parking area will incur a \$50.00 fee payable to the delivery crew. If your site is farther than 300' please contact our main office.

The above site requirements allow us to build a safe, sturdy shed for our customers. If any of these requirements are not met, your shed may not be built and a fee of \$150.00 will be charged for our crew to return and construct your shed once conditions are met. If this occurs, delivery of your shed materials must be completed and placed on your property, in a location accessible to the final shed site to avoid a 20% re-delivery fee. It is the customer's responsibility to cover the materials with a non-transparent, waterproof material to prevent unnecessary weathering and/or discoloration. All fees are due at time of notification.

Delivery

- Sheds USA** will acknowledge the receipt of your order by phone or by mail. Please provide a daytime phone number at time of purchase.
- Delivery schedule** will be established by Sheds USA. You will be contacted by phone 1 to 2 weeks in advance.
- Delivery time** will fluctuate based on seasonal volume, weather conditions, etc.
- Delivery date** and installation date may differ.
- Rescheduling** of the delivery/install date will only occur if Sheds USA is forced to so by events out of our control (weather concerns, illness, mechanical or other difficulties). Sheds USA crews deliver/install several sheds per day; therefore the status of one customer's order affects many others. To provide the best service for all of our customers, once a delivery/install date has been agreed to and scheduled by the customer and Sheds USA, postponement or cancellation by the customer will result in a 20% restocking fee.
