Hello,

Please find attached five pdf files containing documents for a General Building Permit Application for the replacement of a damaged 6 x 8 shed with a new 6 x 8 shed at 60 Autumn Lane, Portland:

1. Electronic Signature and Fee Payment Confirmation. (I will come to your office on Monday, May 6 with a check for the \$40 fee.)
2. Permit Application Checklist
3. General Building Permit Application
4. Plot of 60 Autumn Lane showing location of house, lot boundaries and placement of shed
5. A specification sheet from Shed Happens, which will be placing a pre-built pine gable 6 x 8 shed at 60 Autumn Lane. The people at Shed Happens told me that this sheet, which lists the company's construction techniques and materials and has photographs of the completed sheds, has sufficed with other customers of theirs from Portland. They have no documents containing architectural drawings.

Thank you,

John Voyer
