Gentlemen,

Unfortunately, I will be away from Portland on the hearing date. However, I did not want to miss the opportunity to speak in favor of the requested Appeal. Obviously Fred and Colleen Writt have suffered a severe hardship due to an accident while Fred was working on his dream home. I originally built the structure many years ago and sited it so as to be brought to a new use as a residence in the future, so I shared Fred's dream.

Since I will be residing directly next door at #33 Morningstar, I have a keen interest in the proposal. I wholeheartedly support the proposed change and am looking forward to its completion.

Sincerely,

Ronald J. Dorler

Abuttor
