BUILDING PERMIT INSPECTION PROCEDURES  
Please call 874-8703  
or email: [buildinginspections@portlandmaine.gov](mailto:buildinginspections@portlandmaine.gov)

**Check the Status of Permit or Schedule an Inspection at  
<http://www.portlandmaine.gov/planning/permitstatus.asp>**

With the issuance of this permit, the owner, builder or their designee is required to provide adequate notice to the City of Portland Inspections Division for the inspections listed below. Appointments must be requested 48 to 72 hours in advance. The inspection date will need to be confirmed by this office.

- **Please read the conditions of approval that are attached to this permit.**
- **Permits expire in 6 months if the project is not started or ceases for 6 months.**
- **If the inspection requirements below are not followed, then additional fees may be incurred due to the issuance of a "Stop Work Order" and subsequent release to continue.**
- **Per Section 107.3.1 of the Maine Uniform Building and Energy Code (MUBEC), one set of printed approved stamped construction documents will be kept at the site of work and open to inspection by building officials.**

## **REQUIRED INSPECTIONS:**

Site VISIT

Final - DRC

Foundation/Backfill

Setbacks and Footings Prior to Pouring

Close-in Plumbing/Framing

Electrical - Residential

Certificate of Occupancy/Final Inspection

The project cannot move to the next phase prior to the required inspection and approval to continue.

If the permit requires a certificate of occupancy, it must be paid and issued to the owner or designee before the space may be occupied.

**CBL:** 385A A033001

- 1) City of Portland Code Chapter 10 section 10-3 (L) all residential occupancies, and all new multiple occupancies containing attached parking structures or fuel burning appliances shall be protected in accordance with NFPA 720, Standard for the Installation of Carbon Monoxide (CO) Detection and Warning Equipment, 2009 edition. Detectors shall be provided in the following areas.
  1. Outside each separate sleeping area in the immediate vicinity of the sleeping areas
  2. On each level of the dwelling unit, including basements but excluding attics and crawl spaces.
- 2) All construction shall comply with City Code, Chapter 10.  
All construction shall comply with 2009 NFPA 101, Chapter # 24  
All construction shall comply with 2009 NFPA 1, Fire Code. Review and approval by the AHJ shall not relieve the applicant of the responsibility of compliance with this Code (Chapter 1.14.4).
- 3) City of Portland Code Chapter 10 section 10-3 (i) all new single-station and or multiple-station smoke alarms shall be non-ionization (photoelectric) type. Smoke Alarms shall be installed per NFPA 101 2009 section 9.6.2.10. Detectors are required to be installed in the following locations
  1. Inside all sleeping rooms.
  2. Outside each separate sleeping area, in the immediate vicinity of the sleeping areas
  3. On each level of the dwelling unit, including basements but excluding attics and crawl spaces.
- 4) A separate City of Portland One and Two Family Sprinkler System Permit is required for all new sprinkler systems. This review does not include approval of system design or installation.  
Per 2009 NFPA 101 section 24.3.5.1 all new 1 and 2 family dwellings shall be protected throughout by an approved automatic sprinkler system. Sprinkler system installation shall comply with NFPA 13D or greater protection.

**Dept:** DRC                      **Status:** Approved w/Conditions                      **Reviewer:** Rob Wiener/Phil DiPie                      **Approval Date:** 03/08/2017  
**Note:** **Ok to Issue:**

**Conditions:**

- 1) The site shall be developed and maintained as depicted in the approved site plan, written submission of the applicant, and these written conditions of approval. The modification of the approved site plan or alteration of a parcel which was the subject of site plan approval shall require the prior approval of a revised site plan by the Planning Authority.
- 2) Two (2) City of Portland approved species and size trees must be planted on your street frontage prior to issuance of a Certificate of Occupancy.
- 3) The Development Review Coordinator (874-8632) must be notified five (5) working days prior to date required for final site inspection. Please make allowances for completion of site plan requirements determined to be incomplete or defective during the inspection. This is essential as all site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.
- 4) All damage to sidewalk, curb, street, or public utilities shall be repaired to City of Portland standards prior to issuance of a certificate of occupancy.
- 5) A street opening permit(s) is required for your site. Please contact Carol Merritt at 874-8300, ext. 8822. (Only excavators licensed by the City of Portland are eligible.)
- 6) As-built record information for sewer and stormwater service connections must be submitted to Public Services Engineering Section (55 Portland Street) and approved prior to issuance of a Certificate of Occupancy.
- 7) All Site work (final grading, landscaping, loam and seed) must be completed prior to issuance of a certificate of occupancy.
- 8) The Development Review Coordinator reserves the right to require additional lot grading or other drainage improvements as necessary due to field conditions.
- 9) Erosion and Sedimentation control shall be established and inspected by the Development Review Coordinator prior to soil disturbance, and shall be done in accordance with Best Management Practices, Maine Department of Environmental Protection Technical and Design Standards and Guidelines. All Erosion and Sedimentation control measures must be inspected and maintained daily.
- 10) The limits of allowable clearing shall be clearly marked with flagging or temporary fencing. Absolutely no clearing is to take place within, or encroach into the "do not disturb/no cut" zone. All conditions listed in the approved subdivision plan, as they relate to this lot shall be followed.
- 11) This site must comply with the Landscape Preservation Standards outlined in the Land Use Ordinance, section 14-526(b)2a, stating that a minimum of 30% of existing trees, ten (10) inches DBH or greater, within the required setback, must be preserved. Trees that are designated to be saved are to be protected during excavation and construction. Tree protection fencing is to be installed around the tree canopy drip line prior to the start of any excavation. Tree protection measures are to be inspected and maintained daily.

12 A performance guarantee will be required to cover the cost of site work not completed due to seasonal conditions ie., finish grading, loaming, seeding, mulching, installation of street trees, etc. The performance guarantee must be reviewed, approved, and accepted by the Planning Authority prior to the release of a Temporary Certificate of Occupancy.
