GENERAL AGREEMENT, PROVISIONS AND CONDITIONS

1. Contractor warrants his work to be free from defects in workmanship for a period of one year, provided Owner has complied in full with the terms and payments and other conditions in this contract. This warranty does not apply to work not done or materials not furnished by Contractor. Owner expressly waives any and all claims against the Contractor and its employees in the event Owner fails to comply fully with all payment and other requirements set forth in this Agreement. Equipment installed under this contract is warranted solely by the manufacturer. Contractor provides no warranties, either express or implied regarding any such equipment. Defects or failure due to mistreatment or neglect caused by any person or entity other than Contractor or its employees shall be repaired or serviced at Owner's expense.
2. The warranty set forth in item 1 shall become null and void in the event Owner fails to make all payments as required under this contract, negligently or intentionally misrepresents or otherwise damages any component part of the work, including any equipment installed, and further including any damage resulting from improper use of chemicals.
3. Owner warrants that he owns and until the pool is completed will continue to own the premises in fee simple, and until all work under this Agreement is completed, there are and will continue to be no limitations on the title or right to use the premises which will prevent performance under this agreement. Owner shall furnish building permits and necessary licenses and zoning variances prior to the commencement of work under this Agreement.
4. Owner agrees to provide access to the job site suitable for a concrete Red-mix truck, bulldozer or excavator.
5. Owner agrees to provide contractor with adequate water and electrical services as may be required.
6. Contractor shall not be liable for damage to driveways, walks, curbs, water lines, gas lines, sewer lines, plantings, shrubs or lawns, and Owner assumes risk of damage thereto during the period of construction.
7. Contractor shall not be responsible for damage to any part of the swimming pool, under or around the pool, resulting from any natural causes or acts of God, including earthquakes, fire, ground swelling, inundation, or landslide, or any natural or accidental cause or peril, or any delay in construction beyond the control of the contractor or from storm, flood, war, riot, or any activity of others contractors or subcontractors.
8. Owner shall be responsible for the location of the pool, buildings or other improvement located on Owner's property. Contractor shall incur no liability for and incorrect locating of the pool, buildings, or other improvements whether on the owner's property or the property of any adjoining landowner. The contract price is based on the following minimal assumptions of facts: that the site is not filled ground, contains no cesspool, septic tank, gas line, water pipe, irrigation pipe, drainage pipe, or underground electrical conduit, hard rock, boulders, uncontrollable water, utilities, lines and casements or other obstruction. It is understood and agreed that if any of the foregoing assumptions of facts should prove mistake, or if extra work or materials are required to increase, remove, retool, pump, excavate, refill, compact, lay, or alter obstructions or structures because of such conditions, such cost shall be paid by Owner.
9. Owner agrees that the following items listed below are specifically excluded from the work to be performed by Contractor under this contract unless specifically included elsewhere in this contract.
 - a. the removal of any ledge which may be found as a subsurface condition in the area in and around the pool site.
 - b. any electrical work not included in the contract price.
 - c. any necessary building permits.
 - d. any loading and seeding of the surrounding pool area, including any repairs resulting from Contractor's activity or accessing the pool area on Owner's property.
 - e. any extra fill needed to be hauled away from or hauled to Owner's property.
 - f. any sand needed to construct or backfill the pool.
 - g. water to fill the pool initially or any time thereafter.
 - h. cost of chemically balancing the water for the owner after the pool is filled initially or any time thereafter.
 - i. cost of cutting down trees or removal of stumps.
10. Title and ownership to equipment and accessories described on the face of this contract, whether affixed to owner's realty or not, shall remain the property of the Contractor until the payment in full is made to Contractor hereunder and if payment has not been made by Owner in accordance with the contract, Contractor is granted by Owner the right to enter the premises of the owner and repossess such equipment and accessories and apply the contract price thereof against the unpaid balance due under this contract.
11. When pool is filled with water, the work under this contract shall have been completed and the Contractor shall not be responsible for damage or discoloration of pool walls, tile, coping or discoloration or contamination of water for any reason whatsoever.
12. Use of pool by Owner, his family, or any guest shall be an acknowledgment that the work has been completed in a manner satisfactory to the Owner.
13. Time for payments hereunder is of the essence. In the event payments to be paid hereunder are not received when due, the Contractor shall have the right to stop its work and to bring an action for the value of its work at the time of stoppage.
14. If the Contractor seeks to collect any money due thereunder through an attorney, by lawsuit, or otherwise, Owner agrees to pay all costs and reasonable attorney fees for collection efforts, litigation and appeals.

Any and all changes to this Agreement shall be effective only upon a written recital of such changes signed by both Owner and Contractor. Any change in price resulting from such changes shall be included in the relevant written recital. Any increase in price shall be paid by Owner to Contractor at the time of change. Any decrease in price shall be credited by Contractor to Owner at the time of any change.
