Certificate of Occupancy

LOCATION 79 Longview Dr CBL 387 A010001

Issued to Drinkwater Scott B /Atlantic Coast Construction Date of Issue 01/11/2011

This is to certify that the building, premises, or part thereof, at the above location, built — altered — changed as to use under Building Permit No. 09-1112, has had final inspection, has been found to conform substantially to requirements of Zoning Ordinance and Building Code of the City, and is hereby approved for occupancy or use, limited or otherwise, as indicated below.

PORTION OF BUILDING OR PREMISES

Entire

APPROVED OCCUPANCY

Single Family Residence
Use Group: R3
Type: 5B
IRC, 2003

Limiting Conditions:

This is a temporary C of O that expires on 02/04/11 for compliance of building code requirements.

This certificate supersedes
certificate issued

Approved:

01/11/11
(Date)

[Signature]
Inspector for D.W.M.

[Signature]
Inspector of Buildings for T.A.M.

Notice: This certificate identifies lawful use of building or premises, and ought to be transferred from owner to owner when property changes hands. Copy will be furnished to owner or lessee for one dollar.

BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 (ONLY)

to schedule your inspections as agreed upon

Permits expire in 6 months, if the project is not started or ceases for 6 months.

The Owner or their designee is required to notify the inspections office for the following inspections and provide adequate notice. Notice must be called in 48-72 hours in advance in order to schedule an inspection:

By initializing at each inspection time, you are agreeing that you understand the inspection procedure and additional fees from a "Stop Work Order" and "Stop Work Order Release" will be incurred if the procedure is not followed as stated below.

A Pre-construction Meeting will take place upon receipt of your building permit.

 X **Footing/Building Location Inspection: Prior to pouring concrete or setting precast piers**

 X **Foundation Inspection: Prior to placing ANY backfill for below grade occupiable space**

 X **Framing/Rough Plumbing/Electrical: Prior to Any Insulating or drywalling**

 X **Final/Certificate of Occupancy: Prior to any occupancy of the structure or use.**
NOTE: There is a \$75.00 fee per inspection at this point.

Certificate of Occupancy is not required for certain projects. Your inspector can advise you if your project requires a Certificate of Occupancy. All projects DO require a final inspection.

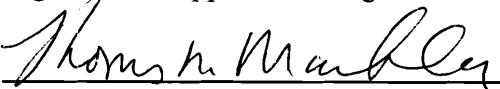

If any of the inspections do not occur, the project cannot go on to the next phase, REGARDLESS OF THE NOTICE OR CIRCUMSTANCES.

CERIFICATE OF OCCUPANICES MUST BE ISSUED AND PAID FOR, BEFORE THE SPACE MAY BE OCCUPIED.

Dept: Zoning **Status:** **Reviewer:** Ann Machado **Approval Date:** **Ok to Issue:**

- Note:**
- 1) As discussed during the review process, the property must be clearly identified prior to pouring concrete and compliance with the required setbacks must be established. Due to the proximity of the setbacks of the proposed structure, it may be required to be located by a surveyor.
 - 2) This property shall remain a single family dwelling. Any change of use shall require a separate permit application for review and approval.
 - 3) This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.

Dept: Building **Status:** Approved with Conditions **Reviewer:** Tom Markley **Approval Date:** 10/29/2009 **Ok to Issue:**

- Note:**
- 1) Hardwired interconnected battery backup smoke detectors shall be installed in all bedrooms, protecting the bedrooms, and on every level.
 - 2) The design load spec sheets for any engineered beam(s) / Trusses must be submitted to this office.
 - 3) Permit approved based on the plans submitted and reviewed w/owner/contractor, with additional information as agreed on and as noted on plans.
 - 4) Separate permits are required for any electrical, plumbing, sprinkler, fire alarm or HVAC or exhaust systems. Separate plans may need to be submitted for approval as a part of this process.

Dept: DRC **Status:** Approved with Conditions **Reviewer:** Philip DiPierro **Approval Date:** 10/28/2009 **Ok to Issue:**

- Note:**
- 1) Erosion and Sedimentation control shall be established and inspected by the Development Review Coordinator prior to soil disturbance, and shall be done in accordance with Best Management Practices, Maine Department of Environmental Protection Technical and Design Standards and Guidelines. All Erosion and Sedimentation control measures must be inspected and maintained daily.
 - 2) The Development Review Coordinator reserves the right to require additional lot grading or other drainage improvements as necessary due to field conditions, including the installation of a drywell or other acceptable measures required to mitigate potential drainage issues or problems.
 - 3) A street opening permit(s) is required for your site. Please contact Carol Merritt at 874-8300, ext. 8822. (Only excavators licensed by the City of Portland are eligible.)
 - 4) A sewer permit is required for your project. Please contact Carol Merritt at 874-8300, ext. 8822. The Wastewater and Drainage section of Public Services must be notified five (5) working days prior to sewer connection to schedule an inspector for your site.
 - 5) All damage to sidewalk, curb, street, or public utilities shall be repaired to City of Portland standards prior to issuance of a certificate of occupancy.

Location of Construction: 79 Longview Dr	Owner Name: Drinkwater Scott B	Owner Address: 31 Panoramic View Drive	Phone: 207-650-1651
Business Name:	Contractor Name: Atlantic Coast Construction	Contractor Address: 1651 Broadway Suite B So Portland	Phone (207) 318-6244
Lessee/Buyer's Name	Phone:	Permit Type: Single Family	

- 6) The Development Review Coordinator (874-8632) must be notified five (5) working days prior to date required for final site inspection. Please make allowances for completion of site plan requirements determined to be incomplete or defective during the inspection. This is essential as all site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.
- 7) Two (2) City of Portland approved species and size trees must be planted on your street frontage prior to issuance of a Certificate of Occupancy.
- 8) All Site work (final grading, landscaping, loam and seed) must be completed prior to issuance of a certificate of occupancy.

Comments:

10/7/2009-amachado: Need more information on front entry & patio. Emailed Phil that done my intial review. Waiting for Phil to complete his intial review.

10/15/2009-amachado: Spoke to Scott Drinkwater. Asked him about the patio. He said that it is going to be pavers on grass. I told him that we need the footprint of the front porch drawn on the siteplan. He also said that there is an overhang on the living room roof which scales at 2'3", so the front setback has to be to the edge of the roof. The overhang should be indicated on the siteplan. Phil also talked to him today, and he is sending Scott an email with the changes we need on the siteplan.

10/21/2009-amachado: Moving permit forward to plan reviewer/inspections for thier review. Can't sign off until receive revised siteplan.

10/23/2009-amachado: Received revised siteplan from Scott Drinkwater. Footprint has been moved back to account for the overhang. Still need the footprint of the porch drawn in. Phil did not have all of his issues addressed. Phil will call Scott and tell him what we still need.

10/29/2009-tm: called and left a message for Scott requeasing more info

>>> Ann Machado 10/15/2009 12:17:03 PM >>>
 Phil -

I spoke to Scott Drinkwater.

On the site plan, I need

- the footprint of the front porch that extends over the patio.

- The living room roof has an overhang of 2' 3", so the front setback has to be measured from that, and the overhang should be indicated on the siteplan. The front setback has to be 25' from the front property line to the edge of the roof overhang, so the building footprint might have to be moved back.

Ann

>>> Philip DiPierro 10/15 10:49 AM >>>

Hi Ann, following are my comments for the site plan review of this project. Feel free to add to it and I will forward it to the applicant.

- The grading plan needs to be revised so that the drainage from the site does not impact the neighbors. The drainage should be pitched toward Longview Drive.
- Erosion control measures, ie. silt fence or EC mix, need to be shown on the site plan.
- The City needs confirmation that the sewer connection can be made into the easement area. Please submit a copy of the deed.
- 2 Street trees meeting the City's minimum standards need to be shown on the site plan.

Scale: 1/4" = 1'-0"

NOTES

1. Center of street is Point B. Dimensions to Point B are recorded in the Cumberland County Registry of Deeds in book 24 page 12.
2. All bearings are measured in magnetic North of the year 1988 as per the plan in reference and calculated from angles of an iron pin reference.
3. Dimensions are based on the City of Portland datum as per the plan in reference.
4. Area of this lot is 10,713 sq. ft. or 0.25 acres.

Scale: 1/4" = 1'-0"

Dept. of Building Inspections
City of Portland Maine

- The finish floor or sill elevations need to be shown on the site plan, the print on the current plan is too small to read.
- The outlet for the perimeter drain needs to be shown on the site plan. Please note that the foundation drain or surface drains cannot be tied into the City's sanitary system.
- The existing driveway between the two lots needs to be closed and should be noted on the site plan.
- The proposed new driveway is too wide. The maximum allowable width is 20' at the property line and can be flared 2' on either side at the curb line.

Thanks.

Phil
