## BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 (ONLY)

or email: [buildinginspections@portlandmaine.gov](mailto:buildinginspections@portlandmaine.gov)

With the issuance of this permit, the owner, builder or their designee is required to provide adequate notice to the city of Portland Inspections Services for the following inspections. Appointments must be requested 48 to 72 hours in advance of the required inspection. The inspection date will need to be confirmed by this office.

- **Please read the conditions of approval that is attached to this permit!! Contact this office if you have any questions.**
- **Permits expire in 6 months. If the project is not started or ceases for 6 months.**
- **If the inspection requirements are not followed as stated below additional fees may be incurred due to the issuance of a "Stop Work Order" and subsequent release to continue.**

The project cannot move to the next phase prior to the required inspection and approval to continue, REGARDLESS OF THE NOTICE OF CIRCUMSTANCES.

IF THE PERMIT REQUIRES A CERTIFICATE OF OCCUPANCY, IT MUST BE PAID FOR AND ISSUED TO THE OWNER OR DESIGNEE BEFORE THE SPACE MAY BE OCCUPIED.

# CONSTRUCTION OF A POOL SHED POOL

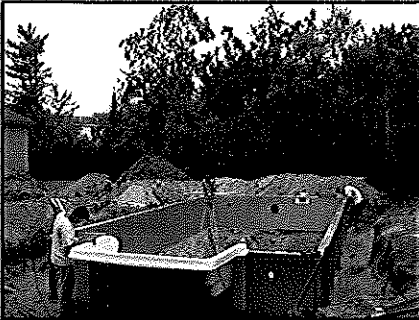

First you will select the perfect location for your pool.

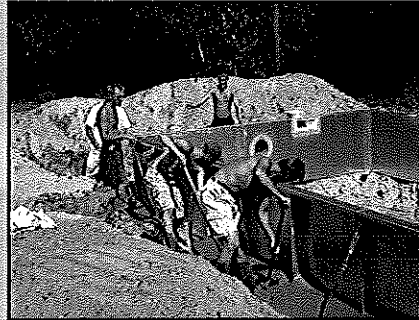

Our excavator will begin digging the pool site to the correct depth and shape.

The pool panels are laid out around the excavated hole and ready to assemble.

The panels are set into place and bolted together.

A concrete footing is poured around the base of the walls and the walls are straightened.

The interior of the pool is shaped and prepared for the vermiculite base.

The plumbing is done and base is trowled into place.

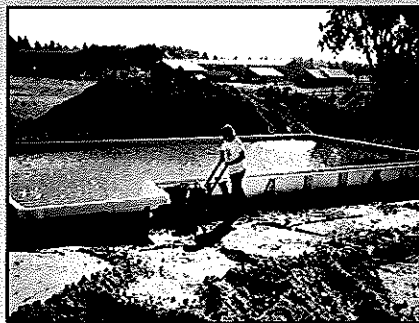

Once the vermiculite has hardened, it is cleaned and prepared for the liner.

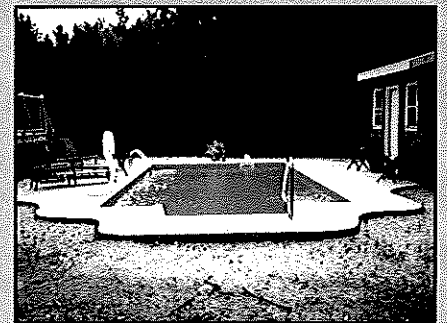

The liner is set in place and the bead is locked into the pool coping.

The pool is filled with water and ready to start filtration.

The pool is backfilled and compacted in lifts to prepare for concrete patio.

The concrete patio is poured, ready for landscaping.

AND THEN.....

Let an inground swimming pool change your backyard into a captivating oasis that revitalizes your body, invigorates your spirit and rejuvenates your SOUL.

Sizzling burgers and steaks on the grill.....family and friends, talking and laughing. Your dream has become a lifestyle and your home a HAVEN.

At one time it was just a regular yard but a Pool Shed pool will make your backyard an extension of your living area. It will call you to the outdoors, to enjoy the fresh air, green grass and blooming flowers. Your Pool Shed inground swimming pool will say "Welcome" to all that gather.

Whether you're cooking out or hanging out, your pool draws family and friends near for fun and good times. It's an entertainment center for teens, and the perfect setting for a weekend barbecue or get together.

This year, let us help you welcome everyone to your new backyard. Greet them at the entrance to your relaxing outdoor paradise and let it reflect the smiles of those you love.

To all the owners and employees:

We just want you all to know that our experience with the Pool Shed has been nothing but wonderful. We were very impressed with the owners for doing what they said they would do and the employees for being so professional and for working under extremely hot weather conditions. They were always friendly and paid attention to every little detail. The Pool Shed is very lucky to have such a great crew working for them.

To the owners of the pool shed, you were great, from start to finish. We were very impressed with how you kept in contact with us before and after every thing was started or finished, to see that everything went as perfect as it could.

From the start we knew what we were getting and how much it would cost. Everything was up front with no hidden costs. The payment schedule was also easy to live with.

We give you and your crew a perfect score. It was a great experience working with all of you and we are looking forward to working with you in the years to come.

A big THANK YOU to all involved with putting in our beautiful pool.

Dear Eric:

We wanted to let you know how thrilled we were to have a completed pool and what a thoroughly positive experience it was to deal with The Pool Shed. We have used the pool for the past two days (it's finally approved!) and the girls are quickly becoming infatuated with it. With the amount of time that they are spending in the water, they will soon develop gills!

We'd be remiss, though, if we did not stress how much we have been impressed with every member of The Pool Shed and all of your subcontractors. All of you have exhibited a level of professionalism which is all too rare these days. All of the work that was performed was done with a high level of quality and with great attention to detail. We have learned that building a pool is a stressful project with lots of different considerations, but your team has definitely made it a much easier process.

We very much appreciate the personal touch and assistance that you have extended to us. You can be assured that we will strongly recommend The Pool Shed to any friends and acquaintances who inquire about our experience. Again, thank you for all of your efforts and best wishes for a successful year.

Dear Eric, Adam and Shawn:

We want to let you know how pleased we are with our pool and the installation process. From the beginning, we were impressed with your knowledge, friendliness, reliability and professionalism. It is refreshing in these times of mediocre customer service to work with a company such as yours where it is evident that you care about the customer and the quality of your work.

You can take pride in the crew that you have working with you. Everyone was always there when they said they would be and on time! The communication with you and your crew was outstanding. We were kept informed at all times and that is very important to us. We were also thrilled to have it installed a whole month ahead of our scheduled time!

We look forward to many years of enjoyment with our pool. Be assured that our relationship will continue with you as we look to The Pool Shed for all our pool needs.

The Pool Shed strives to always use the highest grade materials available. We never stop looking to improve during our winter season. We are always researching new products and technology to bring with us in the upcoming spring. Every new season, The Pool Shed tries to incorporate more into our pool packages to give you the best inground swimming pool for your money. Your new Pool Shed inground swimming pool is constructed with 14 gauge, G235 zinc coated galvanized steel, manufactured right here in The United States. The zinc coating provides protection from the elements. We lock all of our steel frame into a concrete footing, stronger than what the swimming pool industry would expect, all this sets The Pool Shed apart from our competition.

When you purchase a Pool Shed inground pool, you're not only making an investment in your property but also in your lifestyle. Your pool is an extension of your home, so it's important that it meets your specifications for design, construction and quality. Like choosing a home, selecting a pool is a personal decision because you want the best for your family.

The Pool shed was established in 1972 and is owned and operated by the Surette brothers: Adam, Eric and Shawn. We are a full-time inground swimming pool dealership. Quality workmanship and components have been our foundation since our inception. We've always believed that there is no substitute for genuine quality. We have achieved our well known reputation as the leader in the pool trade by building the highest quality inground swimming pools and never resorting to gimmicks. Attention to detail is very important to us and our service after the installation is unsurpassed. The Pool Shed staff consists of personnel with more than 200 years of combined experience in the construction and service of inground swimming pools. We will do everything possible to make your purchase of an inground swimming pool, an enjoyable one. As we've always said,

**"YOUR NEIGHBORS ARE OUR BEST REFERENCE".**
