Re: Robinson pool

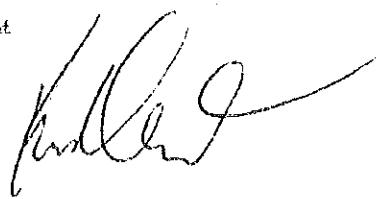

I Kevin Grant wired pool at 199 Hops in Portland Me.

Pool was wired to the NEC Requirements including proper grounding & was tested

OK

It is my understanding that an inspection was not done at time of concrete patio

Kevin Grant

### Built to Last

Sheds USA® stands out in both quality and service. Our sheds are built with your specifications in mind—all made with the finest quality material and backed by our Lifetime warranty. Unlike most shed companies, Sheds USA will deliver and assemble your shed for you, at no extra charge.\* From gardening tools to art supplies to sporting equipment, we have a shed for your storage needs.

### How to Order Your Shed

Sheds USA offers a flexible program for customizing a shed to both your individual budget and needs—and it's easy. Use "Standard Features & Materials" to help identify which best fits your needs.

- Choose a shed size and site.
- Pick the roof style and shingle color.
- Customize the placement of your doors & windows.
- If you have specific requirements, see "Options & Upgrades" for details.
- Read our "Site Requirements" and "Delivery" information carefully.
- See a store associate to fill out the Sheds USA Order Form or simply call us toll free at 866.616.2687.

### Standard Features & Materials

#### Roof (peak, front extended peak or gambrel)

- 1/2" plywood
- 2" x 4" construction, 24" on center
- Self-sealing shingles—available in black, white/grey or brown
- 6 wide sheds available in peak roof only

Roof Heights	Peak	Ext. Peak	Gambrel
6' wide	8' 0"	7' 0"	11' 0"
8' wide	8' 3"	8' 6"	9' 9"
10' wide	8' 11"	9' 2"	9' 5"
12' wide	9' 5"	9' 9"	9' 10"

#### Walls

- 2" x 4" construction, 24" on center
- Smart Panel pre-painted sheathing (vertical)
- Pine, 6" tongue & groove (horizontal)
- Cedar, 6" or 8" tongue & groove (horizontal)
- Wall height = 7' 1" (Front Ext. Peak wall height = 7' 8")
- Vinyl applied over 1/2" plywood

**Floor** Floor joists are spaced 16" on center. If preparing your own foundation, 6" x 6" (pressure treated) floor joists must be used. For most outside floor dimensions and suggested layout dimensions, please call Sheds USA at 1-866-616-2687 or visit our web site at [www.shedsusa.com](http://www.shedsusa.com).

- 6" x 8" wide studs, 2" x 4" (16" on center) floor joist (2" x 6" (16" or 12" on center) pressure treated floor joist available as an upgrade)
- 10' x 12' wide sheds: 2" x 6" (16" on center) floor joist (2" x 6" (16" or 12" on center) pressure treated floor joist available as an upgrade)
- 5/8" plywood decking (concrete joists) (Pressure treated 5/8" plywood available as an upgrade)
- Concrete block supports
- Pressure treated 4x4 center beams on all 12' wide sheds

#### Windows

- All windows come with frame, bases and shutters
- 6 x 6, 6 x 8, 8 x 8 x 10 and 10 x 10 units include no window—all other in stock too
- Window sheds come standard with functional window. Vinyl sheds can be ordered with non-functional windows (functional windows available as an upgrade)

#### Doors

- 40" double door standard, for 6 sheds door standard with 26" single door
- 15', 6' x 8' doors are available as an upgrade

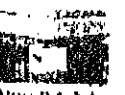

Peak

Front Extended Peak

Gambrel

Heavy Duty 2x4 or 2x6 Floor Construction (optional PT available)

Aluminum galvanized vent (part)	\$ 30.00
Work bench (2"x4" construction with plywood top --- approx. 7.5')	\$ 60.00
6x11 1/2" wide x 1' long	\$ 45.00
4' storage kit for 10' wide sheds	\$ 65.00
4' storage kit for 10' wide sheds	\$ 80.00
4' storage kit for 12' wide sheds	\$ 95.00
<i>Note: Storage kit not available for 6' wide sheds. If 4' storage kit is not available, please call for more information.</i>	
Additional 10' (10' base and base frame kit)	\$ 120.00

## Site Requirements

- Clearance around the shed site must be at least 3' from any fences, trees, etc. Please remove tree branches, brush or other obstacles 3' around perimeter of shed and 12' above ground.
- Land grade must be less than a 6" slope from the highest to lowest point, with no protruding rocks or stumps in the area.
- Access to the site must be clear, sheds are delivered in prefab panels--stairs, narrow walkways, fences, gates, shrubs, carports, awnings, arbors, etc. may present difficulties and should be brought to Sheds USA's attention prior to delivery.
- Land quality is important. When choosing your site, consider all factors, including: proper drainage, firmness of earth, etc.
- Permits are the responsibility of the homeowner. Please contact your local town office prior to purchasing/ordering your shed to determine town/county restrictions, if any.
- Shed site must be 150' or less from where large tractor/trailer can park. Sheds sites located further than 150' from truck parking area will incur a minimum \$50.00 fee, payable to Sheds USA at time of scheduling. Please inform/contact our office if this applies to your site (toll free 866.616.2687).

*If any of the above SITE REQUIREMENTS are not fulfilled, your shed may not be built and a fee of \$150.00 will be charged for our crew to remove and construct your shed site conditions the next. If this occurs, delivery of your shed materials must be accepted and placed on your property at a location accessible to the final shed site to avoid a \$300 re-delivery fee. It is the customer's responsibility to cover the materials with a non-transparent, waterproof material to prevent any unnecessary weathering and/or discoloration. All fees are assessed by Sheds USA at time of installation.*

*\*Note: Some local municipalities building codes may require installation of foundation for 10' and/or 12' (12" or 16" OC) floor joist upgrade. It is the customer's responsibility to determine specific requirements. Although Sheds USA provides one of the highest quality shed products available, some areas have very stringent building codes and Sheds USA cannot guarantee that all of our sheds will meet these codes. Any additional and necessary to meet code requirements will be the customer's responsibility.*

*\*Cedar sheds may be built with Cedar or Cypress depending on availability. Cypress and Cedar have very similar appearance characteristics - all labeled items under the Cedar brand apply to both wood types. Sheds USA reserves the right to substitute materials with the closest matching that may not always be of comparable quality and appearance to that being specified.*

Visit [www.ShedsUSA.com/trailstores](http://www.ShedsUSA.com/trailstores) for more detailed information

# BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 to schedule your inspections as agreed upon

Permits expire in 6 months, if the project is not started or ceases for 6 months.

The Owner or their designee is required to notify the inspections office for the following inspections and provide adequate notice. Notice must be called in 48-72 hours in advance in order to schedule an inspection:

By initializing at each inspection time, you are agreeing that you understand the inspection procedure and additional fees from a "Stop Work Order" and "Stop Work Order Release" will be incurred if the procedure is not followed as stated below.

JB Pre-construction Meeting: Must be scheduled with your inspection team upon receipt of this permit. Jay Reynolds, Development Review Coordinator at 874-8632 must also be contacted at this time, before any site work begins on any project other than single family additions or alterations.

- 5/21/04 Pool Footing/Building Location Inspection: Prior to pouring concrete
- NA Re-Bar Schedule Inspection: Prior to pouring concrete
- NA Foundation Inspection: Prior to placing ANY backfill
- Framing/Rough Plumbing/Electrical: Prior to any insulating or drywalling
- Final/Certificate of Occupancy: Prior to any occupancy of the structure or use. ~~NOTE: There is a \$75.00 fee per inspection at this point.~~

Certificate of Occupancy is not required for certain projects. Your inspector can advise you if your project requires a Certificate of Occupancy. All projects DO require a final inspection

If any of the inspections do not occur, the project cannot go on to the next phase, REGARDLESS OF THE NOTICE OR CIRCUMSTANCES.

NA **CERIFICATE OF OCCUPANICES MUST BE ISSUED AND PAID FOR, BEFORE THE SPACE MAY BE OCCUPIED**
