Built to Last

Sheds USA® stands out in both quality and service. Our sheds are built with your specifications in mind—all made with the finest quality material and backed by our Lifetime warranty. Unlike most shed companies, Sheds USA will deliver and assemble your shed for you, at no extra charge.* From gardening tools to art supplies to sporting equipment, we have a shed for your storage needs.

How to Order Your Shed

Sheds USA offers a flexible program for customizing a shed to both your individual budget and needs—and it's easy. Use "Standard Features & Materials" to help identify which best fits your needs.

- A Choose a shed siding and size.
- B Pick the roof style and shingle color.
- C Customize the placement of your doors & windows.
- D If you have specific requirements, see "Options & Upgrades" for details.
- E Read our "Site Requirements" and "Delivery" information carefully.
- F See a store associate to fill out the Sheds USA Order Form or simply call us toll free at 866.616.2687

Site Requirements

- Clearance around the shed site must be at least 3' from any fences, trees, etc. Please remove from branches, brush or other obstacles 3' around perimeter of shed and 12' above ground.
- Land grade must be less than a 6" slope from the highest to lowest point, with no protruding rocks or stumps in the area.
- Access to the site must be clear; sheds are delivered in prefab panels—stairs, narrow walkways, fences, gates, shrubs, carports, awnings, arbors, etc. may present difficulties and should be brought to Sheds USA's attention prior to delivery.
- Land quality is important. When choosing your site consider all factors, including: proper drainage, firmness of earth, etc.
- Permits are the responsibility of the homeowner. Please contact your local town office prior to purchasing/ordering your shed to determine town/county restrictions, if any.
- Shed site must be 150' or less from where large tractor trailer can park. Sheds sites located further than 150' from truck parking area will incur a minimum \$50.00 fee, payable to Sheds USA at time of scheduling. Please inform/contact our office if this applies to your site (toll free 866.616.2687).

If any of the above SITE REQUIREMENTS are not fulfilled, your shed may not be built and a fee of \$150.00 will be charged for our crew to remove and construct your shed once conditions are met. If this occurs, delivery of your shed materials must be accepted and placed on your property in a location accessible to the final shed site to avoid a \$300 re-delivery fee. It is the customer's responsibility to cover the materials with a non-transparent, waterproof material to prevent any unnecessary weathering and/or discoloration. All fees are assessed by Sheds USA at time of installation.

Please note: Some low-cost building codes may require a 2x6 (1.5" or 10" o.c) floor joist upgrade in order to meet local/municipal specific requirements. Although Sheds USA builds one of the highest quality shed products available, some towns have very stringent building codes and Sheds USA cannot guarantee that all of our sheds will meet these codes. Any additional cost necessary to meet code requirements will be the customer's responsibility.

Cedar sheds may be built with Cedar or Cypress depending on availability. Cypress and Cedar have very similar appearance characteristics. All included items under the Cedar header apply to both wood types. Sheds USA reserves the right to substitute materials with the understanding that any substitutions will be of comparable quality and appearance to that being specified.
