Hi Zach,

Here are the questions I need answered to complete the zoning review:

- 1) On the plot plan, there is a dotted line running parallel to the front of the house that measures 6' from the house. Can you clarify what this is - just a walkway or something else?
- 2) Can you e-mail me a PDF sketch of the proposed floor plan for the 1/2 story above the garage, including any partitions such as rooms, kneewalls, etc.?

Thanks,  
Chris

Hi Zach,

I apologize for the long delay with your permit, unfortunately the zoning staff was down to one person for the last 9 months which has resulted in a backlog of permits. I just started here last week and we are making progress on dealing with the backlog. I will take a look at your application today and let you know if there are any questions or needed items. Thanks for your patience.

Yours,  
Chris

Hi,

I do not mean to be a pain but I am writing to check on the status of my garage permit for Zach Charles @ 58 Gertrude Ave. I believe I submitted my plans for a permit 7/7 and the web site says I am in pending status.

I am sure it just takes time but where I am super anxious to get this project done this fall and think about it every day, I figured I would write and make sure everything was still okay and nothing else I could do to expedite things.

Thank you for time and consideration,
