"Fire Protection since 1968"

To: Building Inspections @ City of Portland
From: Brian @ AAA Fire Extinguisher Co.
Date: August 26, 2014
Ref: Kitchen Inspection System

Group Maine Stream 244 Ray Street, Portland Maine

AAA Fire Extinguisher Company will be installing a wet chemical RG 1.25 gallon kitchen fire suppression system to UL300 specifications in the kitchen exhaust hood. The system will have nozzles protecting the residential kitchen hood and 4 burner range, the system will have manual actuation with a manual pull station and fusible links for auto detection. The electric range will shut down automatically once the system is actuated.

Scheduled installation date 9/3/14

328 Rodman Road, P.O. Box 1003 • Auburn, Maine 04210 • 800-864-FIRE or (207) 784-8306
