---

Shed for 27 Dakota Street, Portland, ME. Thank you for separating and naming the original application documents for us. The info on the shed is below:

The shed is an 8' x 12' vinyl-sided gambrel from Shed Happens. The building specs are:

1. 2" x 4" floor joists, 16" OC
2. 3/4" CDX floor sheathing
3. walls and roof framing 2" x 4", 16" OC
4. 7/16" OSB roof sheathing
5. drip edge on rakes and eaves
6. 25 year asphalt shingles
7. one ridge vent on roof
8. two aluminum-framed windows
9. one 5' wide vinyl double door
10. collar ties on roof framing

How do I pay the permit fee?

Deb.

The original application you sent before was great but missing the information about the shed, the documents were not separated as required and not named correctly (as required.)

The second submission you sent was of unreadable **JPG's** (you got a response back to send them as PDF's)

The third submission was of VERY unreadable PDF's....so this is what we can do....

Please submit PDFs of the original documents of the shed itself...I will separate and name the **original** application documents for you. I cannot put this forward until I receive the COMPLETE application that includes the info on the shed.

Attached are the documents you requested, being sent as PDFs: Application, Signature Page, and Lot Details.

Please let me know if you need anything else. Thank you very much.
