WHOLESALE OFFER EXPIRES 7.31.12
With 280 square feet of usable space, this barn has unlimited storage potential. The oversized 60" double doors are large enough to fit your riding lawn mower, snowmobile, snow blower, lawn furniture, and ATVs. The building can be used as a garage! The floor system can handle a small to mid size car or tractor. The open floor plan allows for a great work shop space or can be split up and be used as a cabin. Organize and tidy up the yard by adding this attractive post and beam outbuilding to your farm.

Hand made in Vermont, from native rough sawn hemlock and pine lumber, the package includes all fastening hardware, metal roofing and step by step plans. Rugged post and beam techniques passed down through the centuries are being applied to pre-cut and notch this barn kit into a sturdy picturesque outbuilding reminiscent of old New England.

Putting down low to keep this pricing until permit is approved.
