Dept: Zoning **Status:** Approved with Conditions **Reviewer:** Ann Machado **Approval Date:** 01/27/2011**Note:** **Ok to Issue:**

- 1) As discussed during the review process, the property must be clearly identified prior to pouring concrete and compliance with the required setbacks must be established. Due to the proximity of the setbacks of the proposed structure, it may be required to be located by a surveyor.
- 2) Separate permits shall be required for future decks, sheds, pools, and/or garages.
- 3) This property shall remain a single family dwelling. Any change of use shall require a separate permit application for review and approval.
- 4) This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.

Dept: Building **Status:** Approved with Conditions **Reviewer:** Jonathan Rioux **Approval Date:** 02/11/2011**Note:** **Ok to Issue:**

- 1) A graspable handrail (34-38 inches in height) shall be provided on at least one side of each continuous run of treads or flight with four or more risers. Fall protection from exterior decks may be required if floor joist are at or above thirty (30) inches from grade.
- 2) Energy Efficiency (N1101.2.1) "R-Factors of Walls, Floors, Ceilings, Building Envelope must be submitted to this Office prior to close-in or backfill.
- 3) Natural or mechanical ventilation is required in each bathroom.
- 4) Fastener schedule per the IRC 2003
- 5) The basement is NOT approved as habitable space. A code compliant 2nd means of egress must be installed in order to change the use of this space.
- 6) Hardwired photoelectric interconnected battery backup smoke detectors shall be installed in all bedrooms, protecting the bedrooms, and on every level.
- 7) The design load spec sheets for any engineered beam(s) / Trusses must be submitted to this office.
- 8) Permit approved based on the plans submitted and reviewed w/owner/contractor, with additional information as agreed on and as noted on plans.
- 9) Separate permits are required for any electrical, plumbing, sprinkler, fire alarm HVAC systems, heating appliances, including pellet/wood stoves, commercial kitchen exhaust hood systems and fuel tanks. Separate plans may need to be submitted for approval as a part of this process.
- 10) Those building a new single family dwelling shall install a CO detector in each area within or giving access to bedrooms. That detection must be powered by the electrical service in the building and battery.

Dept: DRC **Status:** Approved with Conditions **Reviewer:** Philip DiPierro **Approval Date:** 01/28/2011**Note:** **Ok to Issue:**

1) CITY OF PORTLAND, MAINE
PUBLIC NOTICE

To All Building Permit Applicants and/or Contractors:

Effective immediately all temporary erosion control measures as shown on submitted site plans or as made part of a conditional approval of a site plan shall be installed, maintained, and inspected for proper functioning. Erosion control measures include but are not limited to silt fencing, hay bales, stone check dams, earthen berms, stone lined swales, riprap embankments, riprap inlet/outlets of any pipe channel or culvert, sodded or grass strips, hay mulch cover on exposed soils, jute matting or erosion control blanket/matting, geotextile grids or webbing, and any provision approved by the City Engineer or Development Review Coordinator to decrease erosion or sedimentation.

All temporary and permanent erosion control measures shall be in conformance with the Maine Erosion and Sediment Control Handbook for construction: Best Management Practices as published by Cumberland County SWCD and the Maine Department of Environmental Protection (<http://www.maine.gov/dep/blwq/docstand/escbmps/>). Consistent failure to install, maintain, or construct in an acceptable manner will result in a stop work order on the building permit. All erosion control measures shall be established in proposed areas of disturbed soils resulting from construction activities prior to actual construction unless a specific deadline has been made a condition of approval or agreed to by a Public Works Engineer or the Development Review Coordinator.

Effective immediately any request for Certificate of Occupancy will be denied if the above measures have not been addressed or completed. Only under extreme conditions, due to weather, shall the omission of the erosion control standards be included on the conditions for a Certificate of Occupancy, otherwise the request for a Certificate will be refused.

The City of Portland Planning Department and Public Works Department consider Erosion and Sediment Control Planning to be an absolutely necessary initial construction activity that requires as much attention and enforcement as building construction. For the protection of sensitive waterbodies, undisturbed lands, neighboring properties, established vegetated areas, and municipal drainage systems please pay careful attention to erosion and sediment control measures and conform to the notes, details, and conditions of approval as noted on your approved site plan. These controls must be installed and maintained continuously throughout the construction period. The City may inspect the site at any time to ensure compliance, and violations could result in work stoppage orders as indicated above.

We appreciate your prompt compliance with these requirements.

- 2) The 10 foot wide utility easement must be submitted, reviewed, and approved by the City, and recorded at the Cumberland County Registry of Deeds prior to the issuance of any (temporary or permanent) Certificate of Occupancy.
- 3) Erosion and Sedimentation control shall be established and inspected by the Development Review Coordinator prior to soil disturbance, and shall be done in accordance with Best Management Practices, Maine Department of Environmental Protection Technical and Design Standards and Guidelines. All Erosion and Sedimentation control measures must be inspected and maintained daily.
- 4) The Development Review Coordinator reserves the right to require additional lot grading or other drainage improvements as necessary due to field conditions.
- 5) A street opening permit(s) is required for your site. Please contact Carol Merritt ay 874-8300, ext. 8822. (Only excavators licensed by the City of Portland are eligible.)
- 6) A sewer permit is required for your project. Please contact Carol Merritt at 874-8300, ext . 8822.The Wastewater and Drainage section of Public Services must be notified five (5) working days prior to sewer connection to schedule an inspector for your site.
- 7) All damage to sidewalk, curb, street, or public utilities shall be repaired to City of Portland standards prior to issuance of a certificate of occupancy.

| | | | |
|---|--|---|--------------------------------|
| Location of Construction: 87 Huntington Ave (55 Demerest) | Owner Name: Shane Robert Jr & | Owner Address: 46 Devonshire Street | Phone: 207-831-1669 |
| Business Name: | Contractor Name: Shane / Martell LLc | Contractor Address: 46 Devenshire Street Portland | Phone (207) 232-1833 |
| Lessee/Buyer's Name | Phone: | Permit Type: Single Family | |

- 8) The Development Review Coordinator (874-8632) must be notified five (5) working days prior to date required for final site inspection. Please make allowances for completion of site plan requirements determined to be incomplete or defective during the inspection. This is essential as all site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.
- 9) Two (2) City of Portland approved species and size trees must be planted on your street frontage prior to issuance of a Certificate of Occupancy.
- 10) All Site work (final grading, landscaping, loam and seed) must be completed prior to issuance of a certificate of occupancy.
- 11) The site shall be developed and maintained as depicted in the approved site plan, written submission of the applicant, and these written conditions of approval. The modification of the approved site plan or alteration of a parcel which was the subject of site plan approval shall require the prior approval of a revised site plan by the Planning Authority.
- 12) A performance guarantee will be required to cover the cost of site work not completed due to seasonal conditions ie., finish grading, loaming, seeding, mulching, installation of street trees, etc. The performance guarantee must be reviewed, approved, and accepted by the Planning Authority prior to the release of a Temporary Certificate of Occupancy.
- 13) Trees that are designated to be saved are to be protected during excavation and construction. Tree protection fencing is to be installed around the tree canopy drip line prior to the start of any excavation. Tree protection measures are to be inspected and maintained daily.
- 14) The applicant shall have a licensed surveyor install, prior to the issuance of any Certificate of Occupancy, permanent mounumentation/pins identifying property corners.

Comments:

6/28/2010-amachado: Completed intial review. A few discrepancies between the building plans and siteplan - Building plans have a 2'4" by 12' bump out on left side , not shown on siteplan; building plans have 2.5' x 5' bulkhead two feet of the end of the building, siteplan has 6' x 5' bulkhead nine feet off the end. Rear property line scales at 86.5' yet siteplan gives the number 99.09'. Emailed Phil. Waiting for his review before we talk to owner.

7/7/2010-amachado: Spoke to Bob Shane & Greg Martel at counter. Went over discrepancies between the siteplan & the building plans. They told me that they changed the building plans slightly (bump out & bulkhead) after siteplan was done. They will wait for Phil's review & then either submit the original building plans or change the siteplan.

11/17/2010-mes: The City Has agreeede to swap the land we own at 410-B-43 for land closer to an Urban Impaired Stream on the opposite side of the property. We are awaiting final approvals and a revised site plan.

12/28/2010-amachado: Received revised site plan and building plans that reflect the lot split based on the land swap with the city.

12/28/2010-amachado: Spoke to Bob Shane. Deck on site plan is 8' x 14'. It should be 12' x 8'. The second parking space needs to be bumped out a fot so it is 9' wide at the bulkhead. Bob is going to wait for Phil to do his review to see if Phil needs anything changed on the site plan. He will bring in a corrected site plan. Moving permit forward in the review system I can't sign off yet.

1/10/2011-jrioux: Spoke with Owner, i.e. More info. Needed (Contractors # does not work). .

1/27/2011-amachado: Received revised site plan. Parking requirement is now met and the deck on the site plan now matches the deck on the buildngn plans (8' x 12'). Zoning has signed off on permit.

2/11/2011-jrioux: Recieved corrected info. from Owner.

10 0739

General Building Permit Application

If you or the property owner owes real estate or personal property taxes or user charges on any property within the City, payment arrangements must be made before permits of any kind are accepted.

I agree to conform to all applicable laws of this jurisdiction. In addition, if a permit for work described in this application is issued, I certify that the Code Official's authorized representative shall have the authority to enter all areas covered by this permit at any reasonable hour to enforce the provisions of the codes applicable to this permit.

Signature: Robert E. Shane Jr Date: June 24, 10

This is not a permit; you may not commence ANY work until the permit is issued

BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 (ONLY)

or email: buildinginspections@portlandmaine.gov

With the issuance of this permit, the owner, builder or their designee is required to provide adequate notice to the City of Portland Inspection Services for the following inspections. Appointments must be requested 48 to 72 hours in advance of the required inspection. The inspection date will need to be confirmed by this office.

- **Please read the conditions of approval that is attached to this permit!! Contact this office if you have any questions.**
- **Permits expire in 6 months, if the project is not started or ceases for 6 months.**
- **If the inspection requirements are not followed as stated below additional fees may be incurred due to the issuance of a “Stop Work Order” and subsequent release to continue with construction.**

 X **Footing/Building Location Inspection: Prior to pouring concrete or setting precast piers**

 X **Foundation Inspection: Prior to placing ANY backfill for below grade occupiable space**

 X **Framing/Rough Plumbing/Electrical: Prior to Any Insulating, drywalling or covering.**

 X **Final/Certificate of Occupancy: Prior to any occupancy of the structure or use.**
NOTE: There is a \$75.00 fee per inspection at this point.

The project cannot move to the next phase prior to the required inspection and approval to continue, REGARDLESS OF THE NOTICE OR CIRCUMSTANCES.

IF THE PERMIT REQUIRES A CERTIFICATE OF OCCUPANCY, IT MUST BE PAID FOR AND ISSUED TO THE OWNER OR DESIGNEE BEFORE THE SPACE MAY BE OCCUPIED.

EXHIBIT A

84-92 Nottingham/51-57 Demerest

A certain lot or parcel of land with any buildings thereon situated on the westerly side of Demerest Street in the City of Portland, County of Cumberland and State of Maine and being more particularly described as follows:

Four lots or parcels of land, being lots numbered 414,415,416 and 417 as shown on a plan of lots at Ray Gardens belonging to J.W. Wilbur, said plan being made by A.L. Eliot, C.E., dated September 1, 1914 and recorded in Cumberland County Registry of Deeds in Plan Book 12 Page 103, to which reference may be made for a more particular description, together with the fee in streets and ways shown on said plan, insofar as we have the right to convey the same subject to the rights of owners of lots shown on said plat, to make any customary use of said streets and ways.

The premises are conveyed together with and subject to any and all easements or appurtenances of record, insofar as the same are in the force and applicable.

Together with a 10' wide underground utility easement on remaining lands of the Grantors herein, specifically lot 423 as shown on said plan of lots at Ray Gardens. Said easement centerline commencing at existing utility pole on southerly side of Huntington Avenue, said utility pole lying being between existing structure, 87 Huntington and the driveway for 87 Huntington.

Being a portion of the property conveyed to Robert Shane Jr. and Gregory A. Martell by QuitClaim Deed with Covenant from Cumberland County Federal Credit Union filed March 22, 2010 and recorded in said Registry Book 27659 Page 274.

Tax ID Map 410 Block B Lots 18,19,20 and 21.

Reference is to a Standard Boundary Survey, prepared for Shane Martell Builders, LLC, prepared by TKM Land Surveyors, Inc., dated May 27, 2010 and being job number 10-11.

EXHIBIT A

87 Huntington Avenue

A certain lot or parcel of land with the buildings thereon situated on the southerly side of Huntington Avenue in the City of Portland, County of Cumberland and State of Maine and being more particularly described as follows:

Three lots or parcels of land, being lots numbered 422, 423 and 424 as shown on a plan of lots at Ray Gardens belonging to J.W. Wilbur, said plan being made by A.L. Eliot, C.E., dated September 1, 1914 and recorded in Cumberland County Registry of Deeds in Plan Book 12 Page 103, to which reference may be made for a more particular description, together with the fee in streets and ways shown on said plan, insofar as we have the right to convey the same subject to the rights of owners of lots shown on said plat, to make any customary use of said streets and ways.

The premises are conveyed together with and subject to any and all easements or appurtenances of record, insofar as the same are in the force and applicable.

Together with a 10' wide underground utility easement for the benefit of remaining lands of the Grantors herein, specifically lots 414,415,416 and 417 as shown on said plan of lots at Ray Gardens. Said easement centerline commencing at existing utility pole on southerly side of Huntington Avenue, said utility pole lying being between existing structure, 87 Huntington and the driveway for 87 Huntington.

Being a portion of the property conveyed to Robert Shane Jr. and Gregory A. Martell by QuitClaim Deed with Covenant from Cumberland County Federal Credit Union filed March 22, 2010 and recorded in said Registry Book 27659 Page 274.

Tax ID Map 410 Block B Lots 40,41 and 42.

Reference is to a Standard Boundary Survey, prepared for Shane Martell Builders, LLC, prepared by TKM Land Surveyors, Inc., dated May 27, 2010 and being job number 10-11.

I have attached the following required submittals. **NOTIFICATION FORMS CANNOT BE ACCEPTED WITHOUT THE NECESSARY ATTACHMENTS:**

- **Attach** a check for \$65 made payable to: "Treasurer, State of Maine".
- **Attach** a U.S.G.S. topo map or Maine Atlas & Gazetteer map with the project site clearly marked.
- **Attach** Certificate of Good Standing. If new applicant is a registered corporation, provide either a *Certificate of Good Standing* (available from Secretary of State) or a statement signed by a corporate officer affirming that the corporation is in good standing.
- **Attach photos of the proposed site where activity will take place as outlined in PBR Sections checked above.**
- **Attach** all other required submissions as outlined in the PBR Sections checked above.

I authorize staff of the Departments of Environmental Protection, Inland Fisheries & Wildlife, and Marine Resources to access the project site for the purpose of determining compliance with the rules. I also understand that **this permit is not valid until approved by the Department or 14 days after receipt by the Department, whichever is less.**

By signing this Notification Form, I represent that the project meets all applicability requirements and standards in the rule and that the applicant has sufficient title, right, or interest in the property where the activity takes place.

Ann Machado - Revised Site Plan for 87 Huntington/55 Demerest

From: Ann Machado
To: Philip DiPierro
Subject: Revised Site Plan for 87 Huntington/55 Demerest

Phil -

I received the revised site plan and building plans for the Huntington/Demerset lot split and new single family (site plan #2010-0014).

I have called Bob Shane but told him to wait for your review. If you don't need anything can you still call Bob Shane to let him know you are set so he can address the issues that I have.

Zoning Issues:

- The deck on the site plan needs to be changed to 8' x 12'.
- The driveway needs to be bumped out another foot at the bulkhead so the parking space is 9' wide.

We still need a legal description of the new lot.

The legal description needs to include the utility easement across 87 Huntington.

Thanks.

- make sure Mila Farmer's comments have been addressed.

Ann

Ann Machado - One more thing on Demerest/Huntington

From: Ann Machado
To: Philip DiPierro
Subject: One more thing on Demerest/Huntington

Will you make sure that all Mike Farmer's concerns are addressed before you do your sign off?

Thanks. Ann

Ann Machado - 55 Demerest Street single unit residential site plan

From: Michael Farmer
To: Machado, Ann
Date: 12/30/2010 8:53 AM
Subject: 55 Demerest Street single unit residential site plan

Here are my comments on the site plan that you gave to me yesterday for review.

1. The proposed grading and drainage are generally OK. I suggest one minor change: locate the discharge point of the foundation drain farther away from the abutter's land to the southwest, so that any flow from the foundation drain flows across the land to be given to the City and not across the abutter's land.
2. The applicant will need a street opening permit from DPS for the driveway and curb work in Demerest Street. There is existing granite curb on Demerest Street. The applicant will have to do some curb work to build the driveway, including removing existing curb and installing new terminal curb pieces at the edges of the driveway. I recommend adding a note to the plan stating that the curb and driveway apron construction work shall follow the City's design standards and the terminal curb pieces shall be at least 6 feet long.
3. The new driveway apron should be graded to prevent water from flowing from Demerest Street into the driveway and toward the house. This can be accomplished by building a slight berm (about 3-inches high) in the driveway about 6 feet from the edge of the street pavement.
4. I could not tell from the plan whether the property pins have been set by the surveyor. If they have not been set, I think they should be.
5. Although not required, we encourage homebuilders to incorporate environmentally friendly stormwater best management practices into their plans.

Ann Machado - New single family home behind 87 Huntington (2010-0014)

From: Ann Machado
To: Philip DiPierro
Date: 6/28/2010 3:53 PM
Subject: New single family home behind 87 Huntington (2010-0014)

Phil I've done my initial review. Just a couple minor things between the building plans & site plan.

A few discrepancies between the building plans and siteplan - Building plans have a 2'4" by 12' bump out on left side , not shown on siteplan; building plans have 2.5' x 5' bulkhead two feet of the end of the building, siteplan has 6' x 5' bulkhead nine feet off the end. Rear property line scales at 86.5' yet siteplan gives the number 99.09'. Emailed Phil. Waiting for his review before we talk to owner.

Let me know when you have done your review.

Ann

Ann Machado - Lot at Demerest and Huntington

From: David Margolis-Pineo
To: Alex Jaegerman; Ann Machado; Barbara Barhydt; Doug Roncarati; Jean F...
Date: 7/27/2010 4:25 PM
Subject: Lot at Demerest and Huntington
CC: Greg Mitchell

I just spoke to Al Frick and left a message with Brady Frick that the City is denying the request to build at this location due to the lack of a 75' stream set back.

IN WITNESS WHEREOF, Cumberland County Federal Credit Union, has caused this instrument to be signed in its corporate name by Scott Harriman, its President, this 19th day of March, 2010.
