

Deck Permit Application

Name: James Lussier
Address: 60 Huntington Ave.
Phone: 2076530222
E-mail: Luss38@yahoo.com

1. I attached a proposed plan, including a detailed drawing of the structure. I was unaware of the permit process necessary to build a deck, so I started the project and was delivered a Stop Work order on 8/13. If possible, I would like to meet with an inspector and discuss my options in moving forward.
2. I have 6-8" sonatubes that are 4' deep. They are attached by metal anchors.
3. A. Pressure treated pine.
B. The 2 support beams are 2-2X10 with three 4X4 posts attached by metal plates and lag bolts.
4. A. The ledger is 2X10X12ft.
B. There are 12-5/8" lag bolts spaced 12" apart.
C. The joists are 10X2 spaced 12" apart.
D. The joists are attached to the ledger by hangers.
E. The deck size is 12X16ft.
5. A. The guard rails are 40" high.
B. The balusters are spaced 4" apart.
C. The handrails are 37" high.
6. A. The tread depth 12"
B. The riser height is 5 1/4"
C. The nosing is 1".
D. The stair width is 36".
