Portland, Maine 04101

Subject: Verification of the proper location of the foundation for a dwelling located at on Humboldt Street . Also, known as Lot 1 on the approved subdivision plan and numbered 31-33 Humboldt Street.

On April 24, 2014, I personally supervised and directed the placing of the foundation corners in the foundation hole at the above address.

The foundation was placed in the hole at a distance of 28 feet from the southerly property line and 26 feet from the street line also known as the front property line. As shown on the approved site plans this also meets the required rear setback and northerly setback.

It is also in the position that was approved the D.E.P permit.

Please feel free to call or email should you have any questions or concerns.

Sincerely,

Robert T. Greenlaw, PLS
