Subj: VENTILATION DESIGN

Encl: (1) Zehnder Ventilation System Calculations  
(2) Zehnder Ventilation System Layout

1. The proposed house will be ventilated using a Heat Recovery Ventilator (HRV) in accordance with established Passive House practices which conform to IRC 2009.
2. Zehnder has been chosen as the ventilation system vendor. Zehnder's system calculations are included as enclosure 1. Ventilation system layout is depicted in enclosure 2.
