

5 March 2013

From: Sonia M. Barrantes and Jacob P. Staub
To: Portland Planning and Urban Development Department
Subj: FOUNDATION DESIGN

Encl: (1) Quotation for LEGALETT GEO-Slab 6479 Barrantes-Staub Residence Revision 1
(2) Standard Legalett GEO-slab Residential Detail

1. The proposed house foundation will be of the frost protected shallow foundation type.
2. The foundation system is an engineered system. The system will be designed by Legalett Inc. Enclosure 1 is offered as evidence of the retention of Legalett's services for design and foundation materials.
3. When they become available, engineering drawings will be provided upon request. In the meantime, a standard Legalett GEO-slab residential detail is provided in enclosure 2 for interim analysis.
