

# **AAA** FIRE EXTINGUISHER CO.

*"Fire Protection since 1968"*

To: Portland Fire Dept, Fire Prevention, Building inspections  
From: Brian @ AAA Fire Extinguisher Co.  
Date: July 7, 2016  
Ref: Linda Kates Lobster & Seafood kitchen appliance suppression system

Dear building inspector,

Linda Kates Lobster & Seafood, 1035 Ocean Avenue Portland, ME 04101

AAA Fire Extinguisher Company will be installing a wet chemical Protex L4600 gallon kitchen fire suppression system to UL300 specifications in the kitchen exhaust hood. The kitchen system will have nozzles protecting the kitchen hood, the duct and appliances. The system will have 2 means of actuation, 1 via manual pull release and the other with fusible links. The appliances will shut down automatically once the system has been actuated.

Scheduled installation date as early as we can- End of July or Early August

Thank you

Sincerely,

Brian Grondin  
AAA Fire Extinguisher Co., Inc.
