

Attention: Inspections Department

Downeast Energy plans on setting 1- 1000 gallon above ground propane storage container for the new NAPA store being built out at 235 Presumpscot St.

I believe this is the permit for this purpose

All heating equipment is being installed by others

\* Please note 1-1000 gallon AB tank  
Stone Pad is being prepped by Dugas Excavating

\*\* X OUTDOOR HVAC units

Thank you
