Tom and Gary:

Attached to this email please find a **Notice of Violation and Order to Correct** (2 pages) from the City of Portland concerning violations re lighting and fire extinguishers. These are simple matters but these need to be promptly addressed and the Notice requires that I submit it back to the City with a proposed date for remedying these matters.

I spoke with Captain John Brennan (copied hereon) and I will be submitting the forms back to the City with a proposed completion date of July 15 for completing/remedying these matters. Please get back to me if you are not able to complete rectifying these by that July 15, 2017 date.

Thanks you for your attention and anticipated prompt action in addressing this.

I hope all is well with you and your families.

Bill Black
