Ann

So I have got hung up with finding an architect that I liked and was fair price I could write a list of excuses for the delay in my cooperation but it doesn't really matter at this point. I had an architect come to the house just an hour ago. This project will move forward at fast pace at this point.

I was asked by the architect for a list of what the code enforcement officers were looking for. He is familiar with the fire codes but said the code is different for older buildings as opposed to newer ones. I couldnt find the inspectors card that came over that day and was wondering if you could give me their contact information. From what it sounds like after the architect recieves the information and contact from the town to work with he will be very quick with his first sketch of the plan.

I know I havent talked with you in a while on this but am ready to hit this project head on in the upcoming weeks.

Lucas

Lucas -

I need to send you a letter regarding the status of your legalization of a nonconforming dwelling unit and I need your mailing address.

Thanks.

Ann
