I've measured a section of the fence closer to the house, which is 3 feet. I am able to remove that portion and move the shed over the 3 feet. Do I need to resubmit another sketch?

If I were to move the shed over three feet (which would meet the 5 foot set back), would it be approved?

Joslin,

Per our conversation today, I am attaching a copy of the letter send to the previous owners of this property regarding their shed being in violation. I am going to suggest you contact Ann Machado, the Zoning Administrator, and meet with her to find out what your options are regarding the shed violations and placement of your new shed. Ann will be back in the office next week.

Feel free to contact me with further questions.

Thanks,

Laurie
