Ann:

Attached please find the requested site plan, indicating Buildings- 1, 3, 4, 7, 9, 10, 11 & the Community Building, that are having boiler replacements. Also, please note that the Boiler Rooms, marked with a "B" on the plan, are the locations where the boiler units are housed, so there will be no entry into tenant units for this project, as the boiler rooms have individual entry doors.

If you have any questions or concerns, please feel free to contact Richard Biggs, rbiggs@porthouse.org, during Mark Dromgoole's absence, or our office 774-2815.

Thank you.
