Hi Rhonda,

Thank you so much for getting this information to us. In your mainframe computer does each meter correlate with the apartments/Floors and House Meter? If so can you tell me which meter number you have listed with each floor/apartment?

57 Veranda House

57 Veranda 1st FL

57 Veranda 2nd FL

57 Veranda 3rd FL

Again, thank you for taking the time to research this for me.
