Dear Mr. Harder

The representatives for Neptune Properties have reviewed both the design and installation of the signage for the Float Harder Relaxation Center located at 500 Washington Ave and approve the installation. This approval is based on photos supplied by Mr. Harder and a site visit on February 21, 2016.

Neptune Properties asks that any changes to the storefront, streetfront or auxiliary signage (including temporary day signs) be presented to our office for review prior to those changes or additions. Please note, our approval of the current signs and any future signage is not a substitute for approval through the City of Portland and all signs must confirm with their standards.

Sincerely,

Stefan Scarks
